**Managed Care and Capitation Manual (MREF)** Michael Grambo, 1997-11-01    *The Capitation Sourcebook* Peter Boland, 1996 Here's a challenge to conventional wisdom that will change the way you think about capitation This hands on resource is a collection of articles detailing the most advanced methods used by leading healthcare operational experts on how to provide high quality care at less cost manage financial risk more efficiently design operational clinical and information systems to meet the needs of patients practitioners and managed care organizations structure financial incentives to promote successful collaborations and make the transition from fee for service to risk sharing arrangements You'll find practical examples of how to build the trust necessary to create win-win solutions to problems that arise between competing yet interdependent interests of the various stakeholders Edited by Peter Boland PhD and based on a best practices approach each of the articles in the book illustrate compensation methodologies that have been successfully implemented with the support of physicians and hospitals    Managed Care Technical Assistance Series, 1997    **Physician**

Empowerment Through Capitation Clifford R. Frank, I. David Kibbe, 2000 An overview for readers who are familiar with capitation basics but not experienced in the operational institutional and administrative complications involved in capitated care Lays out the case for why capitation will continue as a payment system then explores adaptive strategies employed in managed care    Managed Care, Outcomes, and Quality Steven F. Isenberg, 1998 The first section leads us through the complicated

and risky business of capitation and examines reimbursement in a managed care environment. The idiosyncrasies of managed care contracts are detailed and you will learn how to negotiate with managed care companies. There is a focus on practice profiling and the presentation of an expertise on referral guidelines. The final chapter explores the ethical issues of managed care. In section II you will find a description of outcome research and youseful information for the implementation of outcomes research in community based office practices. The third section begins with two chapters on improving office efficiency and managing staff in a managed care environment. The next chapter leads us through the important and complicated software selection process for the individual practitioner's needs. A private practitioner offers his insight into managing a medical practice and the section completes with some helpful pointers to avoid malpractice claims. Section IV provides the physicians response to managed care. The legal issues of mergers and networks are discussed. Several practicing physicians outline their personal experiences in the rapidly changing world of physician network development. The book's final chapter leaves us with an expertise on how physicians can take back healthcare.
