Fully Awake 365: 365 Days That Will Challenge Your Mind, Channel Your Power and Change Your Life D.E.

Paulk,LaDonna Paulk Diaz,2023-01-01 You are about to embark on 365 days of a transformational journey that will radically shift your consciousness awaken your creative capacity and summon your God given power Here is the beauty of vibration D E LaDonna think so much alike that we challenge you to see if you can decipher which one of them wrote which devotionals These 365 Affirmations will Challenge Your Mind Channel Your Power and Change Your Life Each affirmation teaching and affirmative prayer is designed to purposefully turn you within so you can powerfully create without I am honored you would join us on the journey of becoming Fully Awake The Matrix of the Mind David John Barrington Parsons,2023-03-03 There are many phenomena in the current world that defy explanation from mainstream science This book introduces a revolutionary concept Matrix Model Theory which provides a simple unique and original insight into the events that led to the formation of the cosmos and the establishment of the planet Earth with its life sustaining environment The theory further provides an alternative explanation as to how life originated how mankind became established and describes the most amazing event of all that occurred i e the technological evolution of the human mind The book using Matrix Model Theory explains how the first living cell evolved survived and was able to replicate The phenomenon of telepathy is examined and research by several reputable institutions have established that telepathy does exist and has been proven Its function is explained by the theory Although not a useful faculty it provides a valuable insight into the functioning of the human and animal mind Matrix Model Theory also explains a wide range of animal behaviour including how a hive of bees can function as a super organism which means that the bees sometimes behave as though they are partially under the influence of a single mind Similarly termites have the amazing ability to coordinate the construction of complex tunnels within their nests Although blind they seem to be from the same blueprint This book is targeted at the general reader who has an enquiring mind and refers to scientific matters that have been explained in easily readable terms *The Nervous System and the Mind* Charles Arthur Mercier,1888 *Mind-power ; the secret of mental magic* William Walker Atkinson,1912 *The History and Power of Mind* Richard Ingalese,1902 Mind ,1920 A quarterly review of philosophy *I Am a I* Steven Joshua,2010-04 I AM A I Unfolding the Flower As long as you walk this planet you are going to be working with or applying the laws truths of a physical science textbook You will work with or apply gravity and the laws of motion in order to walk You will work with or apply the laws truths of thermodynamics to keep warm You will work with or apply the laws of harmonics to speak And you may be totally unaware that you are applying these laws truths as you move through physical form even though they have the potential of being everywhere and are within you and without you Sound familiar What can be said for physical laws applies to the spiritual laws truths of Heaven as well I AM A I Unfolding the Flower provides you with a comprehensive model that

synthesizes the physical sciences with the metaphysical sciences while incorporating the core concepts of most world religions In addition it provides you a set of very basic relatively generic tools that when applied can enhance your life experience spiritual and non spiritual Some of the tools presented in this book are O Truth perception and recognition exercises O A multitude of meditation forms are presented to you O Mechanics of your mind and exercises on how to use them O The mechanics of visualization exercises and exercises that extend your mind s eye through time and space O Some elementary ESP exercises O Numerous exercise modalities for you to use music as a mental tool It is the operator s intention that determines the use of a tool Just as it is the applications of the laws truths inside a physical science book that produces physical effects in your life It is the applications of the laws truths inside I AM A I that will produce spiritual or mystical effects in your life And a principle stated in this book the higher determines the lower maintains that the spiritual or mystical results can have physical side effects
