is New Zealand now A Populist Exception Through detailed empirical analyses of how populism and authoritarianism affected vote choice opinions about immigration satisfaction with democracy and the relevance of gender and indigeneity to these issues this book finds that New Zealand politics today does not reflect the international trend toward ideological polarisation and electoral volatility The authors argue that inclusive forms of populism can be pluralist if a leader's rhetorical approach recognises the people as diverse and encompassing A Populist Exception concludes that although populism has long been a strong current in New Zealand history contemporary New Zealand exhibits a moderate form of populism with liberal and pluralist values in balance with a strong commitment to majoritarian democracy

**Party Politics in New Zealand** Raymond Miller,2005 It is widely accepted that representative government is party government and that political parties are the vital link between citizen and the state In light of the recent history of political reform in New Zealand it is imperative that the role and influence of parties and the party system be rigorously reassessed

Party Politics in New Zealand is concerned with the external and internal worlds of party politics in New Zealand. It is organised around two central themes. The first explores the reconfiguration of the two party system into a multiparty one in which up to seven or eight parties regularly win parliamentary seats and coalitions are the standard form of government. The second delves inside the parties to consider the issue of political participation. In *Party Politics in New Zealand* Raymond Miller thematically investigates a number of issues that long have long concerned scholars dividing chapters by topic rather than by party making the book appealing to students. **Rebalancing the Constitution** Ryan Malone, 2008 This book examines the impact of proportional representation on New Zealand's constitution. It considers how the constraints of multi-party politics have curtailed executive power and strengthened the role of parliament. **Political Leadership in New Zealand** Raymond Miller, Michael Mintrom, 2006 A comprehensive up to date analysis of the role and influence of political leadership in New Zealand. Political Leadership in New Zealand discusses this topical issue from a variety of valuable perspectives. More than simple studies of various leaders chapters cover leadership and national identity leadership in response to globalisation leadership in New Zealand foreign policy the populist tradition of leadership how to adapt traditional adversarial leadership styles to MMP Maori conceptions of political chieftainship emerging leadership of new immigrant groups and the role of the media in reflecting and controlling the public views of leaders. Portraits of the minor party leaders such as Winston Peters Jim Anderton and Peter Dunne are included as is a fascinating comparison between the leadership styles of Helen Clark and Don Brash. Leadership is now a subject of growing interest especially since the advent of MMP and this innovative new book interrogates the theory the practice and the personalities of political leaders in producing emotive gut responses and intense loyalty from their followers. Contributors Margie Comrie Tania Domett Seishi Gomibuchi Barry Gustafson John Henderson Manying Ip Elizabeth McLeay Raymond Miller Michael Mintrom Matthew Palmer Jacqui True Ranginui Walker and Luke Williams. Foreword by high profile leadership expert Lester Levy. **Negotiating Free Trade** Steve Hoadley, 2002 **Links**, 2002 **Political Handbook of the World 2007** William C Banks, 2006-11-21 Providing thorough and accurate information on more than 200 countries Political Handbook of the World 2007 is the one stop source for finding complete authoritative facts and analysis on each country's governmental and political makeup.
