Oser Inventer Lavenir La Parole De Sankara:

From African Peer Review Mechanisms to African Queer Review Mechanisms? Nhemachena, Artwell, Warikandwa, Tapiwa Victor, 2019-04-22 Tracing recent bouts of globalised Mugabephobia to Robert Mugabe's refusal to be neoimperially penetrated this book juxtaposes economic liberalisation with the mounting liberalisation of African orifices Reading land repossession and economic structural adjustment programmes together with what they call neoimperial structural adjustment of African orifices the authors argue that there has been liberalisation of African orifices in a context where Africans are ironically prevented from repossessing their material resources Juxtaposing recent bouts of Mugabephobia with discourses on homophobia the book asks why empire prefers liberalising African orifices rather than attending to African demands for restitution restoration and reparations Noting that empire opposes African sovereignty autonomy and centralisation of power while paradoxically promoting transnational corporations centralisation of power over African economies the book challenges contemporary discourses about shared sovereignty distributed governance heterarchy heteronomy and onticology Arguing that colonialists similarly denied Africans of their human essence the tome problematises queer sexualities homosexuality ecosexuality cybersexuality and humanoid robotic sexuality all of which complicate supposedly fundamental distinctions between human beings and animals and machines Provocatively questioning queer sexuality and liberalised orifices that serve to divert African attention from the more serious unfinished business of repossessing material resources the book insightfully compares Robert Gabriel Mugabe Thomas Sankara and Julius Kambarage Nyerere who emphasised the imperatives of African autonomy ownership control and sovereignty over natural resources Observing Africans interest in repossessing ownership and control over their resources the book wonders why so much queer international attention is focused on foisting queer sexuality while downplaying more burning issues of resource repossession human dignity equality and equity craved by Africans for whom life is not confined to sexuality With insights for scholars in sociology development studies law politics African studies anthropology transformation decolonisation and decoloniality the book argues that liberal democracy is a fa ade in a world that is actually ruled through criminocracy

African Political Thought Guy Martin, 2012-12-05 For most of its history the African continent has witnessed momentous political change remarkable philosophical innovation and the complex cross fertilization of ideologies and belief systems This definitive study surveys the concepts values and historical upheavals that have shaped African political systems from the ancient period to the postcolonial era and beyond Beginning with the emergence of indigenous political institutions it traces the most important developments in African history including the Africanization of Islam liberal democratic movements socialism Pan Africanism and Africanist Populist resistance to the neoliberal world order The result is an invaluable resource on a region too often ignored in the history of political thought Burkina Faso Ernest Harsch, 2017-10-15 In October 2014 huge protests across Burkina Faso succeeded in overthrowing the long entrenched regime of their authoritarian ruler Blaise

Compaor Defying all expectations this popular movement went on to defeat an attempted coup by the old regime making it possible for a transitional government to organize free and fair elections the following year In doing so the people of this previously obscure West African nation surprised the world and their struggle stands as one of the few instances of a popular democratic uprising succeeding in postcolonial sub Saharan Africa For over three decades Ernest Harsch has researched and reported from Burkina Faso interviewing subjects ranging from local democratic activists to revolutionary icon Thomas Sankara the man once dubbed Africa's Che Guevara In this book Harsch provides a compelling history of this little understood country from the French colonial period to the Compaor regime and the movement that finally deposed him

Revolution 3.0 Ute Fendler, Katharina Fink, Nadine Siegert, Ulf Vierke, 2019-08-29 From the visual politics of the FRELIMO liberation script in Mozambique via the brooms and spoons of Le Balai Citoyen in Burkina Faso to the updating of images from past revolutions on Twitter and Facebook often in the diaspora images play a key role in the envisioning of futures and social utopia And more than that Revolutions understood as moments of radical social and cultural change are driven by images as empirical investigations on and offline show But what actually constitutes the seismographic power of images and the sustainability of icons from past ruptures in terms of radicalism such as the portraits of Burkina Faso's and Mozambique's first presidents Thomas Sankara and Samora Machel What possibilities do images offer and what is cut and edited in the process of creating a new image How do the visual tactics of analogue and digital protesters alike constitute alter and create visual and multi media archives This book brings together a wide range of papers by international researchers and artists focusing on the relationship of images and revolution mostly in the African context Images in various artistic media such as photography art in public space performance fashion are discussed but also the relation of visual culture and politics in Mozambique Angola and Burkina Faso among others With contributions from Stefanie Alisch Petrus Amuthenu Ana Balona de Oliveira Ute Fendler Katharina Fink Ra Gandra Goldendean Jelsen Lee Innocent Onejoon Che Lu s Carlos Patraquim Marco Russo Nadine Siegert Serubiri Moses Johan Thom Drew Thompson Fabio Vanin Ulf Vierke

Thomas Sankara David Gakunzi, 1991-08-01 Les discours interventions et propos de Thomas Sankara de 1983 1987 alors qu'il était président du Burkina Faso **Au service de la nation. Discours d'IBK 2013-2019** Cisse moussa, 2020-02-21 De l'action du président Ibrahim Boubacar Keita à la fin du Mali le bilan qui sera tir marquera des points forts et faibles le moment venu mais on retiendra très certainement sa parole et la porte qu'elle a engendrée Après une biographie fouillée qu'il lui a consacrée Moussa Cissé s'intéresse à la parole du Président IBK À travers ses discours choisis il nous entraîne dans les temps forts d'une gouvernance qui aura marqué le Mali et les Maliens **Joint Acquisitions List of Africana**, 1995 **Burkina Faso** Samuel Decalo, 1994 International African Bibliography, 1992 *Subject Guide to Books in Print*, 2001 *Books In Print 2004-2005* Ed Bowker Staff, Staff Bowker, Ed, 2004 **Ouverture démocratique en Afrique noire?** Paul John Marc Tedga, 1991 Un an de nouveautés, 1990 **Vers la Troisième République du Mali** Cheick Oumar Diarra, 1991

Par décret présidentiel-- Stanislas Ouoham Tchidjo,1993 **Thomas Sankara** ,1997 *50 ans après, quelle indépendance pour l'Afrique?* Makhily Gassama,2010 De nombreux pays d'Afrique célèbrent le cinquantième anniversaire de leur indépendance en 2010. Il s'agit d'un vnement le continent qui a travers des siècles de souffrances physiques et morales durant deux Grands Drangements la traite négrière puis la colonisation est enfin semble-t-il dirigée par ses propres enfants. Les auteurs de cet ouvrage souhaitent procéder un demi-siècle plus tard à l'analyse du sens de ces indépendances et une réflexion sur le bilan de l'exercice du pouvoir par les Africains eux-mêmes. C'est aussi l'occasion de s'interroger sur l'intolérable paradoxe de l'Afrique continent gorgée de richesses humaines et naturelles mais continent paupérisé et fragilisé. Une trentaine d'intellectuels d'Afrique et de la diaspora se prononcent librement chacun sa manière et sous l'angle de son choix sur le bilan de ces cinquante années de liberté réelle ou illusoire de construction ou de déconstruction voire parfois de destruction du continent. Il est temps en effet que les intellectuels dont les dirigeants politiques ont souvent minimisé ou craint le rôle en les tenant l'écart s'engagent dans le débat et contribuent activement à la création d'une opinion publique africaine participative sans laquelle le vrai développement demeurera hypothétique. C'est bien ce que tentent les auteurs de ce livre profondément attachés à l'Afrique et sa liberté.

Afrique Asie ,2007 **Cahiers du Centre de recherche en lettres, sciences humaines et sociales** ,2006 Les Comités de défense de la Révolution du Burkina Faso (CDR) Sidiki Guire,1997

Les comités de défense de la révolution CDR Du Burkina Faso créés dans la nuit du quatre août mille neuf cent quatre vingt trois 4 août 1983 étaient une institution de contrôle politique de la société sous le régime du Conseil National de la Révolution C N R De mille neuf cent quatre vingt trois mille neuf cent quatre vingt sept 1983 1987. Au regard du discours officiel et des textes les r gissants les C D R étaient la source du pouvoir. En fait il existait des détenteurs réels du pouvoir C N R gouvernement quatre chefs historiques. Ils n'étaient par conséquent que les instruments du pouvoir politique concourant à la révolutionnarisation de la société burkinabe. Des luttes ouvertes ou larvées contre le pouvoir révolutionnaire et donc les C D R provenant des résistances de divers milieux religieux traditionnels politiques et surtout syndicaux s'engagent. Elles seront en partie responsables de la chute du régime le quinze octobre mille neuf cent quatre vingt sept 15 octobre 1987.
