Other Bostonians:

The Other Bostonians Stephan Thernstrom, 1973 **The Other Bostonians** Stephan Thernstrom, 1976 **The Other Bostonians** Stephan Thernstrom, 1973 The Other Black Bostonians Violet M. Johnson, 2006-12-06 This study of Boston's West Indian immigrants examines the identities, goals, and aspirations of two generations of black migrants from the British-held Caribbean who settled in Boston between 1900 and 1950. Describing their experience among Boston's American-born blacks and in the context of the city's immigrant history, the book charts new conceptual territory. *The Other Black Bostonians* explores the pre-migration background of the immigrants, work and housing, identity, culture, and community activism, and social mobility. What emerges is a detailed picture of black immigrant life. Johnson's work makes a contribution to the study of the black diaspora as it charts the history of this first wave of Caribbean immigrants.

The Bostonians Trevor J. Fairbrother, 1986 **Lives of Their Own** John E. Bodnar, Roger D. Simon, Michael P. Weber, 1983 *Lives of Their Own* depicts the strikingly different lives of black Italian and Polish immigrants in Pittsburgh. Within a comparative framework, the book focuses on the migration process itself, job procurement, and occupational mobility, family structure, home ownership, and neighborhood institutions. By blending oral histories with quantitative data, the authors have created a convincing, multilayered portrait of working-class life in one of our great industrial cities.

Soundtrack to a Movement Richard Brent Turner, 2021-04-27 FINALIST for the 2022 PROSE Award in Music, the Performing Arts Certificate of Merit, Best Historical Research on Recorded Jazz, given by the 2022 Association for Recorded Sounds Collection Awards for Excellence in Historical Sound Research. *Soundtrack to a Movement* explores how jazz helped propel the rise of African American Islam during the era of global Black liberation. Amid the social change and liberation of the civil rights and Black Power movements, the tenor saxophonist Archie Shepp recorded a tribute to Malcolm X's emancipatory political consciousness. Shepp saw similarities between his revolutionary hero and John Coltrane, one of the most influential jazz musicians of the era. Later, the esteemed trumpeter Miles Davis echoed Shepp's sentiment, recognizing that Coltrane's music represented the very passion, rage, rebellion, and love that Malcolm X preached. *Soundtrack to a Movement* examines the link between the revolutionary Black Islam of the post-WWII generation and jazz music. It argues that from the late 1940s and 50s through the 1970s, Islam rose in prominence among African Americans in part because of the embrace of the religion among jazz musicians. The book demonstrates that the values that Islam and jazz shared—Black affirmation, freedom, and self-determination—were key to the growth of African American Islamic communities and that it was jazz musicians who led the way in shaping encounters with Islam as they developed a Black Atlantic cool that shaped both Black religion and jazz styles. *Soundtrack to a Movement* demonstrates how, by expressing their values through the rejection of systemic racism, the construction of Black notions of masculinity and femininity, and the development of an African American religious internationalism, both jazz musicians and Black Muslims engaged with a global Black consciousness and interconnected resistance movements in the African diaspora.
