## Otherwise Known As Murder:

*London Underground Serial Killer* Geoff Platt, 2016-08-30 The full story of the life and times of Kieran Patrick Kelly the London Underground Serial Killer who wandered up and down the Northern Line of the London Underground between 1960 and 1983 pushing innocent people that he had never met under trains and who finished up killing over thirty people The book provides a full biography of Kelly discussing the details of his crimes his victims and his ability to evade justice he managed to secure mistrials or acquittals in twenty five trials before being eventually convicted and sentenced to die to prison which he did in Durham in 2001 It could be argued that Kelly is the most investigated serial killer in the history of the world His murders were investigated as they occurred between 1953 and 1983 they were reinvestigated in 1983 and again in 2015 The author of this book played major roles in the two latter inquiries conducting the entire inquiry in 1983 and acting as a consultant to the 2015 inquiry More is known about Kelly than any other serial killer in history He was arrested before he had finished killing then murdered his cellmate in the police station and was interviewed by the author ten minutes after this final murder before spending the next two years discussing his crimes and his motivations with the author The end result is a truly unique insight into the mind of a serial killer
