Ou Va Leurope:

L'idée de l'Europe Rotraud von Kulesa, Catriona Seth, 2017-05-01 Face aux défis entre autres politiques auxquels sont confrontés différents pays européens les chercheurs dix-huitistes ont souhaité revenir sur des expressions anciennes de valeurs partagées et les interrogations passées sur des questions qui restent souvent d'actualité Au Siècle des Lumières nombre d'hommes et de femmes de lettres ont envisagé l'avenir du continent en particulier pour entretenir leur souhait de garantir la paix en Europe Les textes réunis dans cette anthologie et signés des grands écrivains du temps Rousseau Montesquieu Voltaire Kant Hume ou encore Stael comme d'oublies de l'histoire présentent avec quelques excursus chronologiques de Sully Hugo les réflexions de penseurs d'un dix-huitième siècle aux bornes chronologiques tendues l'émergence et la chute de l'Empire engendrent des bouleversements nombreux sur l'Europe son histoire sa diversité mais aussi sur ce qu'ont en commun les nations qui composent dans leur variété un ensemble géographique Ils mettent en évidence les origines historiques d'un projet d'union européenne le souhait de consolider les liens du continent avec le Maghreb ou la Turquie l'importance accordée au commerce et les inquiétudes suscitées par les sursauts de l'histoire mais aussi l'espoir placé dans les générations futures La Société française d'étude du XVIIIe siècle l'Université d'Augsbourg l'Université d'Oxford ont généreusement contribué à la publication de ce volume In view of the challenges many of which are political that different European countries are currently facing scholars who work on the 18th century have compiled this anthology which includes earlier recognitions of common values and past considerations of questions which often remain pertinent nowadays During the Enlightenment many men and women of letters envisaged the continent's future in particular when stressing their hope that peace could be secured in Europe The texts gathered here and signed by major thinkers of the time Rousseau Montesquieu Voltaire Kant Hume or Stael for instance as well as by writers history has forgotten present the reflections with a couple of chronological extensions from Sully to Victor Hugo of authors from the long eighteenth century the French Empire and the fall of Napoleon generated numerous upheavals on Europe its history its diversity but also on what the nations which in all their diversity make up a geographical unit have in common They show the historical origins of the project of a European union the desire to consolidate the continent's ties to the Maghreb or to Turkey the importance granted to commerce and the worries engendered by history's convulsions but also the hope vested in future generations The Société française d'étude du XVIIIe siècle Augsbourg University and the University of Oxford have generously contributed towards the publication of this volume

[A Political History of Reunifying Europe](#) Iordan Gheorghe Bărbulescu,2025-01-24 The proposed volume delves into the European Union s expansion into Central and Eastern Europe after the fall of the Berlin Wall It emphasizes the candidate states perspective and seeks to draw parallels between the 1990s expansion and potential future enlargements The historical context is vital particularly the democratization and consolidation effects that past expansions had on both the candidate states and the EU as a whole The work also discusses the recently established European Political Community and its role in creating a unified European political space It contends that past expansions were win win scenarios benefiting both the EU and the candidate states and suggests that similar mutual gains can be achieved in the EU s potential enlargement into the Western Balkans and Eastern Europe The author proposes that analyzing past expansion processes offers valuable insights and concrete strategies for future extensions This may include concepts

like pre accession and the European Political Community The current geopolitical climate with a more assertive Russia underscores the importance of further EU expansion to enhance Europe s stability and security Overall the book offers a comprehensive exploration of past and potential EU enlargements highlighting the enduring significance of this ongoing process in shaping the European landscape
