## **Our Crowd:**

**That's My Crowd!** Shelton L. Smith, 2004 In the religious climate of today it is important to know what God says our crowd should be Through the use of well over two hundred passages of scripture Dr Shelton Smith defines the fundamental crowd for us Evaluating our crowd by the standard of the Word of God may sometimes cost us some friends and they may accuse us of abandoning them But our separation from them will not be because the Bible has changed It will be because they have hoisted anchor and drifted with the winds Make sure you are sailing in safe waters with the right crowd

**Building Coalitions, Making Policy** Martin A. Levin, Daniel DiSalvo, Martin M. Shapiro, 2012-06-04 Getting past No in an age of partisan noise In an age when partisan politics has reached a deafening and arguably impotent pitch how does the real work of politics get done This book opens the door on backroom politics and gives readers an insider's perspective on the efforts of policymakers from three presidential administrations to get past the naysayers and effect real and lasting policy changes The editors take a comparative approach offering a thorough overview of policymaking during the Clinton and George W Bush administrations with further discussion of President Obama's successful and failed attempts to build coalitions and get past no The contributors a national network of prominent political scientists reveal the sausage making of politics and policy Readers can almost see the political players in the proverbial smoke filled room shirtsleeves rolled up and BlackBerrys in hand developing the strategies and hammering out the compromises designed to hold the party base while winning over independent voters

Combining an insider's perspective with actual case studies the volume examines the policymaking behind such programs as No Child Left Behind tax cuts Social Security privatization Medicare prescription drug reform education and immigration reform environmental policy judicial politics national security Covering all major areas of policymaking Building Coalitions Making Policy gives instructors in political science public administration and policy American government and American presidential studies plenty of provocative examples for classroom debate     **Yearbook** National Education Association of the United States.
