architecture in Spain in paintings that depict scenes inspired by Roman scenes and also buildings modelled on those of Pompeii Next the influence of Pompeii crosses the Atlantic to Mexico with a study of the archaeological site s influence on the visual and performing arts An exploration of the elitist use of the ancient past in architecture is seen in Chilean architecture which leads onto an investigation of the new art styles that emerged in the 19th century Later chapters look into the influence of the ancient frescoes and the use of modern plaster casts of statues The final chapters are devoted to comics and photography which also make a study of the places in Latin America nicknamed Pompeii in the 20th and 21st centuries
