Gothic Romance Readers Choice:

A Companion to Romance Corinne Saunders, 2008-04-15 Romance is a varied and fluid literary genre notoriously difficult to define. This groundbreaking Companion surveys the many permutations of romance throughout the ages. Considers the literary and historical development of the romance genre from its classical origins to the present day. Incorporates discussion of the changing readership of romance and of romance's special relation to women readers. Comprises 30 essays written by leading authorities on different periods and sub genres. Challenges the idea that the appeal of romance is exclusively escapist. Draws on a wide range of specific and influential literary examples.

The Routledge Research Companion to Popular Romance Fiction Jayashree Kamblé, Eric Murphy, Selinger, Hsu-Ming Teo, 2020-08-11 Popular romance fiction constitutes the largest segment of the global book market. Bringing together an international group of scholars, The Routledge Research Companion to Popular Romance Fiction offers a ground breaking exploration of this global genre and its remarkable readership. In recognition of the diversity of the form the Companion provides a history of the genre, an overview of disciplinary approaches to studying romance fiction and critical analyses of important subgenres, themes and topics. It also highlights new and understudied avenues of inquiry for future research in this vibrant and still emerging field. The first systematic comprehensive resource on romance fiction this Companion will be invaluable to students and scholars and accessible to romance readers.

A Dark Night's Dreaming Tony Magistrale, Michael A. Morrison, 1996 *A Dark Night's Dreaming* opens by defining the shape of horror fiction today, illuminating the genre's narrative themes, psychological and social contexts and historical development. The core of the volume focuses on the lives and major works of the six who have dramatically shaped the genre: William Peter Blatty, Thomas Harris, Stephen King, Anne Rice, Peter Straub and Whitley Strieber. A final chapter analyzes the complex relationship between horror fiction and its adaptation to film. Looking beyond the tormented maidens, madmen, monsters and other archetypes of the genre, these critics differentiate contemporary Gothic fiction from that of earlier generations while demonstrating that horror remains one of the most important and consistent strains connecting the diverse elements of the American literary tradition. They comment on the genre's enormous popularity and undeniable influence in American society and scrutinize its changing representations of women, monsters and gore. The volume concludes with an extensive bibliography of primary and secondary works.

Rebecca Patricia White, 2021-05-06 The 1940 film adaptation of Daphne du Maurier's gothic romance *Rebecca* begins by echoing the novel's famous opening line: 'Last night I dreamt I went to Manderley again'. Patricia White takes the theme of return as her starting point for an exploration of the film's enduring power. Drawing on archival research, she shows how the production and reception history of *Rebecca*, the first fruit of the collaboration between Hollywood movie producer David O. Selznick and British director Alfred Hitchcock, is marked by the traces of women's contributions. White provides a rich analysis of the film, addressing the gap between perception and reality that is constantly in play in the gothic romance and highlighting the queer erotics circulating
