The Better of McSweeney's, 2010 **Making Literature Now** Amy Hungerford, 2016-08-03 How does new writing emerge and find readers today? Why does one writer's work become famous while another's remains invisible? **Making Literature Now** tells the stories of the creators, editors, readers, and critics who make their living by making literature itself come alive. The book shows how various conditions, including gender, education, business dynamics, social networks, money, and the forces of literary tradition, affect the things we can choose or refuse to read. Amy Hungerford focuses her discussion on literary bestsellers as well as little-known traditional and digital literature from smaller presses such as McSweeney's. She deftly matches the particular human stories of the makers with the impersonal structures through which literary reputation is made. Ranging from fine-grained ethnography to polemical argument, this book transforms our sense of how and why new literature appears and disappears in contemporary American culture. *Quarterly Concern* Dave Eggers, 2003 Issue 12 is made up of three parts. The first and largest section consists entirely of new writers new to us, probably new to you and not even well known by their own families. Part two is a new story from Roddy Doyle featuring Jimmy Rabbitte of *The Commitments*. Part three is a collection of twenty-minute stories by which we mean stories written in twenty minutes from all sorts of people that you know and do not know. **Design Entrepreneur** Steven Heller, Lita Talarico, 2011-04-01 Designers are used to working for clients, but there is nothing better than when the client is oneself. Graphic and product designers who are skilled with the tools and masters aesthetics are now in the forefront of this growing entrepreneur movement. Whether personal or collective, drive is the common denominator of all entrepreneurial pursuit. Of course, then comes the brilliant idea and finally the fervent

wherewithal to make and market the result The Design Entrepreneur is the first book to survey this new field and showcase the innovators who are creating everything from books to furniture clothes to magazines plates to surfboards and more Through case studies with designers like Dave Eggers Maira Kalman Charles Spencer Anderson Seymour Chwast Jet Mous Nicholas Callaway Jordi Dur and over thirty more from the United States and Europe this book explores the whys hows and wherefores of the conception and production processes The design entrepreneur must take the leap away from the safety of the traditional designer role into the precarious territory where the public decides what works and what doesn't This is the book that shows how that is accomplished **Seventy-nine Short Essays on Design** Michael Bierut,2012-03-20 Seventy nine Short Essays on Design brings together the best of designer Michael Bierut's critical writing serious or humorous flattering or biting but always on the mark Bierut is widely considered the finest observer on design writing today Covering topics as diverse as Twyla Tharp and ITC Garamond Bierut's intelligent and accessible texts pull design culture into crisp focus He touches on classics like Massimo Vignelli and the cover of The Catcher in the Rye as well as newcomers like McSweeney's Quarterly Concern and color coded terrorism alert levels Along the way Nabakov's Pale Fire Eero Saarinen the paper clip Celebration Florida the planet Saturn the ClearRx pill bottle and paper architecture all fall under his pen His experience as a design practitioner informs his writing and gives it truth In Seventy nine Short Essays on Design designers and nondesigners alike can share and revel in his insights OP Magazine ,2004 **The Book Review Digest** ,2003

For this millennial generation of writers and publishers the computer was never a threat to print culture but a powerful tool to make better books. In careful close readings Starre puts typefaces, layouts and cover designs on the map of literary criticism.
