My Pet and Me Tyler Martin, 2006 Drawings and photos show children with their pets

Hermeneutics and Social Science (Routledge Revivals) Zygmunt Bauman, 2010-03-23 Originally published in 1978 this important work by one of the leading European social theorists is arguably the best introduction to the hermeneutic tradition as a whole It is designed to help students of sociology and philosophy place the problems of understanding social science in their historical and philosophical context It does so by presenting the major current in sociological thought as responses to the challenge of hermeneutics The idea that true knowledge of social life can be attained only if human conduct is seen as meaningful action whose meaning is accordingly grasped has been presented as a discovery of recent sociology In fact its history is long and its connections plentiful reaching beyond the boundaries of sociology itself Yet it is in sociology that the hermeneutic tradition has attracted most interest but most misinterpretation The debate is in full swing and there is no attempt to offer correct solutions the emphasis instead is upon revealing the strengths and weaknesses of each of the main approaches However it is Bauman's view that the theory of understanding may achieve valid results only if it treats the problem of understanding as an aspect of the ongoing process of social life

Dogs Heather Maisner, 2007 The Me and My Pet series are the books to buy if you are considering getting a pet for your young child The emphasis is more on understanding the signals your pet gives you rather than caring for your pet the assumption being that at this age the parent would shoulder most of the pet care The authorial voice throughout is the pet telling his child owner what he means when he wags his tail fluffs up to ten times his normal size or flattens his ears The tone is light and the text is amusing while at the same time containing a great deal of useful information And of course the photographs provide the all important aaah factor

Morad,2010 His journey began in Iran where he was born and learned the ways of an ancient civilization As you travel with

him you will learn about his childhood his parents his teenage years and his years as a medical student in Iran Arriving in a new country where people s beliefs and customs were so unlike his own he discovered that if you are sincere in your beliefs no matter how different they may be most people will respect you and your right to your beliefs Soon he had two countries and fond memories of his youth in his native land and a deep gratitude for a country that has given him the opportunity to develop wonderful friendships He has also learned that people are more alike than they are different and that everyone has a belief of some kind and that they want to be cared about and respected Having the perspective of a native Iranian and a patriotic American he provides a view of his heritage as well as the continuing story of his life here in the United States He was a surgeon who placed a higher value on being a humane caring person rather than power or money He has viewed his patients and co workers as family and treated them with enduring love and respect Without exception they have reciprocated As a physician he knows laughter and hope is effective medicine and he has supplied large doses of these in his stories It is his desire that they give you enjoyment as well as a more in depth perception of a different culture and of the man who came from that culture This is his small contribution to helping us all learn how to live in peace and harmony with one another
