Many people see the wok as an unattractive ornament in the kitchen. This notion is common among people who are not aware of the kinds of dishes that can be made from it. But many people are attracted instantly to have one once they tasted the dishes for themselves. Woks are essential for cooking authentic tasting dishes. Here are some tips that are worth remembering. It is worth purchasing your very own carbon steel wok instead of deep sauté pan. Aside from being very affordable, they are very versatile as well. Woks made up of carbon steel will have to undergo seasoning. The process of seasoning is not really difficult. This process can help your wok become better looking. It can also make your nonstick. The steps in the subsequent chapter may appear to be intimidating. But with consistent practice, you will find out that cooking in a wok is fun and fulfilling. Learn the recipes that follow by heart and be proud of the meals that you are about to produce. Here is a preview of what you will learn: General Wok Cooking Tips, Easy Wok Recipes, Cleaning your Wok, More Recipes. Much much more. Purchase your copy today.

**New Wok Cooking** Rosa Ross, 2000. What tastes better, made in a wok? Better to ask what doesn't, says Rosa Ross, expert on Asian cuisine and one of the nation's most respected cooking teachers. From steamed and braised dishes to aromatic soups and even desserts, *New Wok Cooking* demonstrates that this multipurpose pan is ideal for creating easy and healthful meals full of vibrant flavors. Drawing on the tempting tastes of the Chinese, Malaysian, Vietnamese, Japanese, and Thai pantries, Rosa has assembled nearly 150 recipes that highlight the range of the humble wok. *New Wok Cooking* shows how an inexpensive carbon steel wok with a domed lid can replace an entire battery of specialized cookware for preparing succulent braised stews and curries that are tender and evenly cooked, nutritious steamed delicacies that are naturally low in fat, quick moist and tantalizing poached dishes, savory stir-fried dishes made from just a few tasty ingredients, crowd-pleasing deep-fried favorites that are crisp and greaseless, rich tasting smoked specialties that can be prepared right on the stovetop. Whether it's individual filled dumplings or a whole red poached duck, the wok is perfectly suited to a large range of techniques and ingredients. Its rounded contours allow for an even distribution of heat and flavor, so food is cooked efficiently and meals are ready in less time. And because just one pan is required to prepare most of Rosa's dishes, cleanup is a breeze. Best of all, most of Rosa's dishes are far lower in fat than traditional Asian fare, so it's possible to create healthful food without skimping on full flavor. With sophisticated dishes and no fuss preparation, *New Wok Cooking* demonstrates time and again that this too often neglected piece of equipment deserves a place of prominence in every kitchen.
