### **Meanjin Vol 64 No 3:**

**Bioethics Around the Globe** Catherine Myser, 2011-06-01 Contemporary bioethics now roughly 40 years old as a discipline originated in the United States with a primarily Anglo American cultural ethos. It continues to be professionalized and institutionalized as a maturing discipline at the intersections of philosophy, medicine, law, social sciences, and humanities. Increasingly, bioethics along with its foundational values, concepts, and principals has been exported to other countries, not only in the developed West but also in developing and/or Eastern countries. Bioethics thus continues to undergo intriguing transformations as it is globalized and adapted to local cultures. These processes have occurred rapidly in the last two decades with relatively little reflection and examination. This volume brings together contributors from a wide variety of disciplines to take a critical empirical look at bioethics around the globe, examining how it is being transformed at both local and global levels in this process of cross-cultural exporting and importing. One concern is to identify sociocultural forces and consequences which may positively or negatively affect ethics and social justice goals. This book thereby offers the first comparative anthropology and sociology of globalizing bioethics in the field, exploring the global dissemination, local adaptations, cultural meanings, and social functions of bioethics theories, practices, and institutions, and comparing developed and developing countries. The volume considers a full range of countries on every inhabited continent, including Africa, Asia, Australia, Central and South America, Europe, the Middle East, and North America. Topics include government agendas such as nationalism and nation building, agendas of powerful associated professions (e.g., medicine, law, theological and political agendas such as culture wars), agendas of entrepreneurial economies of profit, and other cultural and ideological agendas consciously or unconsciously advanced or contested by bioethics work in particular countries based on their unique history, politics, and culture. This cross-cultural exploration of globalizing bioethics will be of great interest to a field that is increasingly introspective about its underlying sociocultural assumptions and biases. At last, an unabashedly sociological and anthropological look at the globalization of bioethics, a really fresh approach to a maturing discipline. The chapters speak from the perspective of sophisticated Western developed exporters of the bioethical paradigm and equally sophisticated Eastern developing and third world and interdisciplinary critics suspicious of the canonical view. Trained in the dominant school of American mainstream philosophy, Myser draws on her long-standing commitment to a social and cultural approach to bioethics to take a fresh look at bioethics globally. She grasps the globalization of bioethics and the skepticism about analytical philosophy's Americanized consensus. The book sets the stage for a new era in bioethics theory and practice, debating whether a universal common morality underlies the rich variation in national and cultural bioethics traditions. Robert Veatch, Georgetown University. This path-breaking volume is the first to explore the global export of Western bioethics to a variety of non-Western settings. Explicitly critical, the book also points to the liberating potential of bioethics to achieve social justice and improve the lives of patients around the world. The book is a must-read for all medical anthropologists.

interested in bioethics Marcia Inhorn Yale University Bioethics Around the Globe should change the way bioethics is conceived and practiced in the U S and elsewhere Its rich and wide ranging comparative examination opens new possibilities for bioethical reflection I enthusiastically recommend this wonderful book James F Childress University of Virginia The past 40 years have seen a remarkable spread of bioethics to every part of the world Dr Myser s collection is a wonderful and rich exploration of its international impact revealing important similarities and differences from country to country It will have an important impact Daniel Callahan The Hastings Center

**It's Silence, Soundly** John McGreal, 2016-04-21 It s Silence Soundly It s Nothing Seriously and It s Absence Presently continue The It Series published by Matador since The Book of It 2010 They constitute another stage in an artistic journey exploring the visual and audial dialectic of mark word and image that began over 25 years ago In their aesthetic form the books are a decentred trilogy united together in a new concept of The Bibliograph All three present this new aesthetic object which transcends the narrow limits of the academic bibliography The alphabetical works also share a tripartite structure and identical length The Bibliograph itself is characterised by its strategic place within each book as a whole as well as by the complex variations in meaning of the dominant motifs nothing ness absence and silence which recur throughout the alphabetical entries that constitute the elements of each text It s Nothing Seriously for example addresses the amusing paradox that so much continues to be written today about nothing The aleatory character of the entries in the texts encourage the modern reader to reflect on each theme and to read them in a new way The reader is invited as well to examine their various inter textual relations across given conventional boundaries in the arts and sciences at several levels of physical psychical social reproduction

*History Wars* Doug Munro, 2021-10-21 In 1993 Manning Clark came under severe posthumous attack in the pages of Quadrant by none other than Peter Ryan who had published five of the six volumes of Clark s epic A History of Australia In applying what he called an overdue axe to a tall poppy Ryan lambasted the History as an imposition on Australian credulity and declared its author a fraud both as a historian and a person This unprecedented public assault by a publisher on his best selling author was a sensation at the time and remains lodged in the public memory In History Wars Doug Munro forensically examines the right and wrongs of Ryan s allegations concluding that Clark was more sinned against than sinning and that Ryan repeatedly misrepresented the situation More than just telling a story Munro places the Ryan Clark controversy within the context of Australia s History Wars This book is an illuminating saga of that ongoing contest James Curran University of Sydney The Ryan Clark controversy speaks to the place of Manning Clark in Australia s national imagination Had Ryan taken his axe to another historian it s unlikely that we would be still talking about it 30 years later But Clark was the author and keeper of Australia s national story however imperfect his scholarship and however blinkered that story Few if any historians in the Anglo American world have occupied the space that Clark occupied by dint of will force of personality and felicity of pen Donald Wright University of New Brunswick

**Into the Heart of Tasmania** Rebe Taylor, 2017-01-30 In 1908 English gentleman

Ernest Westlake packed a tent a bicycle and forty tins of food and sailed to Tasmania On mountains beaches and in sheep paddocks he collected over 13 000 Aboriginal stone tools Westlake believed he had found the remnants of an extinct race whose culture was akin to the most ancient Stone Age Europeans But in the remotest corners of the island Westlake encountered living Indigenous communities Into the Heart of Tasmania tells a story of discovery and realisation One man s ambition to rewrite the history of human culture inspires an exploration of the controversy stirred by Tasmanian Aboriginal history It brings to life how Australian and British national identities have been fashioned by shame and triumph over the supposed destruction of an entire race To reveal the beating heart of Aboriginal Tasmania is to be confronted with a history that has never ended     **Meanjin** ,2005     [The Australia-Japan Political Alignment](#) Alan Rix,2013-03-07 In this new volume Alan Rix examines the renewal of post war contacts between Australia and Japan and the resolution of wartime issues in the 1950s He shows how some major bilateral negotiations highlight the tensions involved in forging a strong relationship while extensive analysis of the machinery of diplomacy the administrative political and legal framework indicates the depth of bilateral ties Also covered are the close consultation and diplomatic dealings over the decades and the personal connections between leaders     **Celluloid Anzacs** Daniel Reynaud,2007 The cinema has transmitted the Anzac legend with extraordinary emotive power Here is the first extended study of how the Great War Anzac legend has been portrayed in Australian film and television productions over 80 years Celluloid Anzacs traces the evolving image from its origins as a derivative of British military myths to the controversial early days of its Australian identity in the years between the world wars when the legend adopted its comic lean bushman as its archetypical hero and then into the nationalistic fervour of the 1980s where the legend finally acquired its exclusively Australian identity and sharp anti British edge By building the story into the broader Australian context the book shows how films have shaped and been shaped by one of Australia s most cherished defining national mythologies     **Culture in Translation** Martin Thomas,2007-09-01 R H Mathews 1841 1918 was an Australian born surveyor and self taught anthropologist From 1893 until his death in 1918 he made it his mission to record all new and interesting facts about Aboriginal Australia Despite falling foul with some of the most powerful figures in British and Australian anthropology Mathews published some 2200 pages of anthropological reportage in English French and German His legacy is an outstanding record of Aboriginal culture in the Federation period This first edited collection of Mathews writings represents the many facets of his research ranging from kinship study to documentation of myth It include eleven articles translated from French or German that until now have been unavailable in English Introduced and edited by Martin Thomas who compellingly analyses the anthropologist his milieu and the intrigues that were so costly to his reputation **CULTURE IN TRANSLATION** is essential reading on the history of cross cultural research     **Archives and Manuscripts** ,2007     [French XX Bibliography](#) William J. Thompson,2007-09 Provides the listing of books articles and book reviews concerned with French literature since 1885 This is a reference source in the study of modern French literature and
