Education, Committee on National  
Statistics, Natalie Nielsen**

## **Measuring Access To Learning Opportunities:**

**Measuring Access to Learning Opportunities** National Research Council, Division of Behavioral and Social Sciences and Education, Committee on National Statistics, Center for Education, Committee on Improving Measures of Access to Equal Educational Opportunity, 2003-06-28 Since 1968 the Elementary and Secondary School Civil Rights Compliance Report known as the E S survey has been used to gather information about possible disparities in access to learning opportunities and violations of students civil rights Thirty five years after the initiation of the E S survey large disparities remain both in educational outcomes and in access to learning opportunities and resources These disparities may reflect violations of students civil rights the failure of education policies and practices to provide students from all backgrounds with a similar educational experience or both They may also reflect the failure of schools to fully compensate for disparities and current differences in parents education income and family structure The Committee on Improving Measures of Access to Equal Educational Opportunities concludes that the E S survey continues to play an essential role in documenting these disparities and in providing information that is useful both in guiding efforts to protect students civil rights and for informing educational policy and practice The committee also concludes that the survey s usefulness and access to the survey data could be improved

**Building Educational Equity Indicator Systems** National Academies of Sciences, Engineering, and Medicine, Division of Behavioral and Social Sciences and Education, Committee on National Statistics, Natalie Nielsen, 2020-06-17 How can states and schools use data to support their efforts to improve educational equity Building Educational Equity Indicator Systems A Guidebook for States and School Districts provides information to help state and school district leaders develop ways of tracking educational equity within their preK 12 systems The guidebook expands on the indicators of educational equity identified in the 2019 National Academies report Monitoring Educational Equity showing education leaders how they can measure educational equity within their states and school districts Some of the indicators focus on student outcomes such as kindergarten readiness or educational attainment while others focus on student access to opportunities and resources such as effective instruction and rigorous curriculum Together the indicators provide a robust picture of the outcomes and opportunities that are central to educational equity from preK through grade 12 For each indicator of educational equity identified in the report the guidebook describes what leaders should measure and what data to use provides examples of data collection instruments and offers considerations and challenges to keep in mind The guidebook is meant to help education leaders catalogue data they already collect and identify new data sources to help them fill gaps

**Elements of Quality Online Education** John Bourne, Janet C. Moore, 2003 *Measuring Learning in Australia* Dennis Trewin, 2003 Proposes a framework for statistics on learning The framework has been developed with input and guidance from the National Education and Training Statistics Unit Management Board and is the product of extensive consultation with relevant stakeholders It has been developed to assist relevant bodies and agencies to determine their

information requirements and assist in data collection and analysis
