AB Bookman's Weekly, 1997 **The Methuen Drama Handbook of Women in Contemporary British Theatre**
Marissia Fragkou, Rebecca Benzie, 2025-02-06 This handbook provides a detailed exploration of the rich and diverse theatrical work produced by women in the first two decades of 21st century British theatre. The book explores key issues and methodologies relevant to women working in the UK's theatre industry including the legacies of feminism and its role in shaping contemporary work by women, the politics of visibility and inclusion in theatrical institutions and collaborative strategies in creating original work. It closely examines how women in contemporary British theatre tackle urgent social issues such as environmental risk, the representation of marginalized identities and mental and physical wellbeing. Chapters by both established and early career scholars from a variety of international contexts present new perspectives on significant questions and issues underpinning women's work in 21st century British theatre by engaging with contemporary debates from theatre and performance studies and cultural theory. A concluding roundtable with women theatre practitioners addresses key questions pertaining to their work including working conditions, the politics of funding and of ageing, disability and care. With a foreword by the Guardian's chief theatre critic Arifa Akbar and featuring research tools such as introductions to sections, a detailed list of sources and an annotated bibliography, this is an authoritative study for anyone with a keen research interest in the distinct contribution of women to contemporary British theatre and performance.

Greeks and Romans on the Latin American Stage Rosa Andújar, Konstantinos P. Nikoloutsos, 2020-01-09 The first comprehensive treatment in English of the rich and varied afterlife of classical drama across Latin America, this volume explores the myriad ways in which ancient Greek and Roman texts have been adapted, invoked and reworked in notable modern theatrical works across North and South America and the Caribbean while also paying particular attention to the national and local context of each play. A comprehensive introduction provides a critical overview of the varying issues and complexities that arise when studying the afterlife of the European classics in the theatrical stages across this diverse and vast region. Fourteen chapters, divided into three general geographical sub-regions: Southern Cone, Brazil and the Caribbean, and North America, present a strong connection to an ancient dramatic source text as well as comment upon important socio-political crises in the modern history of Latin America. The diversity and expertise of the voices in this volume translate into a multi-ranging approach to the topic that encompasses a variety of theoretical and interdisciplinary perspectives from classics, Latin American studies and theatre and performance studies. *The Nation*, 1907 **Athenaeum and Literary Chronicle**, 1876 **The Encyclopaedia Britannica** Thomas Spencer Baynes, 1878 **The Musical World**, 1865 **Publishers' Weekly**, 1897 *The Publishers Weekly*, 1897 The Encyclopædia Britannica Hugh Chisholm, 1910 The Encyclopædia Britannica, 1911 Encyclopedia Britannica Hugh Chisholm, 1911 **The Encyclopaedia Britannica: Edwardes-Evangelical Association**, 1910 The last great work of the age of reason, the final instance when all human
