**Medea, Magic, and Modernity in France** Amy Wygant, 2016-04-29 Bringing together the previously disparate fields of historical witchcraft reception history poetics and psychoanalysis this innovative study shows how the glamour of the historical witch a spell that she cast was set on a course over a span of three hundred years from the sixteenth to the eighteenth centuries to become a generally broadcast glamour of appearance Something that a woman does that is become something that she has The antique heroine Medea witch and barbarian infamous poisoner infanticide regicide scourge of philanderers and indefatigable traveller serves as the vehicle of this development Revived on the stage of modernity by La P ruse in the sixteenth century Corneille in the seventeenth and the operatic composer Cherubini in the eighteenth her stagecraft and her witchcraft combine author Amy Wygant argues to stun her audience into identifying with her magic and making it their own In contrast to previous studies which have relied upon contemporary printed sources in order to gauge audience participation in and reaction to early modern theater Wygant argues that psychoanalytic thought about the behavior of groups can be brought to bear on the question of what happened when the early modern witch was staged This cross disciplinary study reveals the surprising early modern trajectory of our contemporary obsession with magic Medea figures the movement of culture in history and in the mirror of the witch on the stage a mirror both appealing and appalling our own cultural performances are reflected It concludes with an analysis of Diderot's claim that the historical process itself is magical and with the moment in Revolutionary France when the slight and fragile body of the golden throated singer Julie Ang lique Scio became a Medea for modernity not a witch or a child murderess but as all the press reviews insist a woman

**Medea's Long Shadow in Postcolonial Contexts** Ana Filipa Prata, Rodrigo Verano, 2024-06-10 This interdisciplinary volume explores the ancient Greek myth of Medea and its global analogues found in other mythic and folk tales of deadly exiled women such as those of La Malinche and La Llorona examining the connections between these figures and their depictions from antiquity to modernity The book considers the figure of the foreign woman her exile fratricide and infanticide in its ancient Greek form and in global postcolonial receptions in a range of media including drama film novels and the visual arts The chapters illuminate the contradictions of considering the classical Medea as a central reference point for analysis of other female figures from peripheral territories while simultaneously acknowledging the insights that such comparisons can yield Emphasizing the ways in which Medea's seditious nature enables the establishment of an extensive and heterogeneous intertextual network with other mythic characters who represent a similarly disruptive role in their specific local historical and cultural contexts the book argues for a comparative analysis that is equally attentive to myths and folk tales from all regions These essays by scholars of classics comparative and world literatures and

postcolonial studies represent a plurality of perspectives from different academic contexts in Africa Latin America North America and Europe and examine how different cultures have depicted women foreigners crime and abjection The foundations of Greek myth and subsequently of the classical tradition itself are interrogated from a postcolonial perspective In tracing the portrayals of Medea and other mythic women through the overlapping features of different female characters and plots and intertwining local cultural and literary materials with broader debates this volume challenges Eurocentric narratives of power and cultural domination and works to decentralize the discussion of Medea from the exclusive domain of classical studies Medea s Long Shadow in Postcolonial Contexts will be of interest to students and scholars working on Greek tragedy and its reception as well as to those studying postcolonial and global approaches to literature culture and gender studies
