Martin, 2002 Mass media has become an integral part of the human experience. News travels around the world in a split second, affecting people in other countries in untold ways. Although being on top of the news may be good at least for news junkies, mass media also transmits values or the lack thereof, condenses complex events and thoughts to simplified sound bites, and often ignores the essence of an event or story. The selective bibliography gathers the books and magazine literature over the previous ten years while providing access through author title and subject indexes. **Social Media and Society** Regina Luttrell, Adrienne A. Wallace, 2024-07-01 Exploring social media's integration with modern society, this text empowers students as social media consumers and creators. The thoroughly updated second edition includes a new chapter on AI technologies. Features include full-color visuals, glossary, chapter questions, and activities, and theory, ethics, and diversity and inclusion boxes.
