## **Palestinian Women Identity And Experience:**

Palestinian Women Cheryl Rubenberg, 2001 This work provides a case study of the deleterious effects of patriarchy among Palestinians living in rural villages and refugee camps of the West Bank its negative consequences for men as well as women for democratization and for progress toward the creation of a more just society **Palestinian Women of Gaza and the West Bank** Suha Sabbagh, 1998-03-22 takes a new look at the situation in one of the hottest spots on the globe and asks what impact the politicization of women will have on the lives of people in the emerging Palestinian state NWSA Journal This volume introduces the reader to the social and political roles and challenges faced by women of Arab Palestinian society Even Arabic commentators have failed to accurately assess the contributions of women within the struggles of Gaza and the West Bank These essays written from an insider's perspective show how Palestinian women confront issues of gender feminism and the national agenda **Reproduction, Childbearing and Motherhood** Pranee Liamputtong, 2007 Although reproduction including infertility abortion childbearing and motherhood is a significant human experience its social meaning is shaped by the culture in which birthing women live Reproduction and its management therefore occur within the social and cultural context of the event As such reproductive beliefs and practices differ across social and cultural settings This book focuses on reproduction childbearing and motherhood In this volume the authors show that despite the modernisation of the society and advanced medical technology and knowledge in reproduction traditions continue to exert influence on how the women and their families manage their reproduction childbearing and motherhood in their societies **Jewish Identity and Palestinian Rights** David Landy, 2012-09-13 Diaspora Jews are increasingly likely to criticise Israel and support Palestinian rights In the USA Europe and elsewhere Jewish organisations have sprung up to oppose Israel's treatment of Palestinians facing harsh criticism from fellow Jews for their actions Why and how has this movement come about What does it mean for Palestinians and for diaspora Jews Jewish Identity and Palestinian Rights is a groundbreaking study of this vital and growing worldwide social movement examining in depth how it challenges traditional diasporic Jewish representations of itself It looks at why people join this movement and how they relate to the Palestinians and their struggle asking searching questions about transnational solidarity movements This book makes an important contribution to Israel Palestine and Jewish studies and responds to urgent questions in social movement theory *Palestinian Women* Fatma Kassem, 2013-07-04 *Palestinian Women* is the first book to examine and document the experiences and the historical narrative of ordinary Palestinian women who witnessed the events of 1948 and became involuntary citizens of the State of Israel Told in their own words the women's experiences serve as a window for examining the complex intersections of gender nationalism and citizenship in a situation of ongoing violent political conflict Known in Palestinian discourse as the Nakbeh or the Catastrophe these events of 60 years ago still have a powerful resonance in contemporary Palestinian Jewish relations in the State of Israel and in the act of narrating these stories the author argues that the realm of memory is a site of

commemoration and resistance      *Constructing Motherhood Identity Against Political Violence* Deniz Ülke Arıboğan, Hamoon Khelghat-Doost, 2023-08-22 This volume offers a nuanced understanding of female agency in political violence by reviewing and analyzing the political construction of motherhood as a form of social agency against political violence committed by both state and non state actors in different parts of the world While the international relations discipline has traditionally viewed the relationship between women and violent actors as an exploitative one this book demonstrates that taking maternal bodies seriously creates important intellectual space to examine the types and kinds of violence the discipline of IR takes seriously and the types and kinds of resistance practiced by mothers but often overlooked at least by male mainstream IR Focusing on motherhood as an agency of change this volume will appeal to scholars in the field of gender and international security think tanks working on political and security affairs social activists policymakers an interested public audience as well as undergraduate and postgraduate students undertaking study or research associated with gender and political violence      **A Social Movements and Feminist Reading of the Palestinian Women's Movement** Lisa L. Barley, 1996      **Women Across Asia** Ishita Mukhopadhyay, Suchandra Chakraborty, 2006 Contributed articles on gender identity and feminism presented earlier at a workshop moderated by Indian Association for Asian and Pacific Studies and Women Studies Research Centre University of Calcutta      Gender and the Israeli-Palestinian Conflict Simona Sharoni, 1994-12-31 Simona Sharoni's innovative approach to the conflict in the Middle East stresses the relationship between gender and politics by illuminating the daily experiences of women in Israel and in the occupied West Bank and Gaza Strip Among the issues explored are the connections between the violence of the conflict and the escalation of violence against women the link between militarism and sexism and the role of nationalism in building individual and collective identities Sharoni also shows the impact of Intifada the Palestinian uprising in December 1987 on the Palestinian and Israeli women's movements While women's coalitions such as these are critical subjects in and of themselves the actions of marginalized women are rarely if ever given serious treatment in the study of international relations With this book Sharoni creates an aperture for the emergence of new perspectives and alternative methods in the development of a new vision in global politics and gender equality The interdisciplinary scope of the book will make it valuable to scholars of political science women's studies conflict resolution and Middle East studies      *Index Islamicus*, 2000      **Journal of Palestine Studies**, 1996 Devoted exclusively to the Arab Israeli conflict and Palestinian affairs A forum for study of the region and peaceful resolution to the conflict analysis of current developments in the peace process the latest historical scholarship and cultural and societal trends      2003, / ( )      The Palestinians David McDowall, 1994 In this new and wide ranging book David McDowall author of the highly respected 1986 MRG report on the Palestinians traces their story from the late nineteenth century to the present day He describes their first fears before 1914 of the Zionist aim to build a Jewish state in Palestine the fulfilment of their worst expectations in the wars of 1948 and 1967
