Pantheism And Poetry:

Pantheism and Poetry John Hunt, 2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world's literature in affordable high quality modern editions that are true to the original work *The Active Universe* H. W. Piper, 2014-01-13 This book is a study of Romantic Pantheism and its part in the development of the Romantic theory of the Imagination The crucial point in the history of English Romanticism came when the philosophical concept of the active universe met the developing theory of the Imagination In its leading sense Imagination meant full response to and implication with the living qualities of natural objects That is why it was able to assimilate and transform contemporary theories of merely passing interest into an important poetic approach to the universe **Poems of a Pantheist** Nora Bomford, 1918 *Elements of Pantheism in Wordsworth's Early Poetry* Alberta P. Sellers, 1970 *Secular Pantheism* Matthew Hupert, 2019-04 Poetry and one story by New York Author and founder of the NeuroNautic Institute and NeuroNautic Press *English Poetry of the Nineteenth Century* George Roy Elliott, Norman Foerster, 1923 **A CRITICAL BIOGRAPHY OF MU DAN (ZHA LIANGZHENG)** Wang Hongyin, 2022-08-09 Zha Liangzheng 1918 1977 better known by his pen name Mu Dan was a Chinese poet laureate and remarkable translator Via mutual attesting of poems and history and with a multitude of letters reminiscent documents and poems A Critical Biography of Mu Dan Zha Liangzheng A Poet and a Translator genuinely represents the life of Mu Dan known as a member of Jiuye School against macroscopic academic view and broad historical backgrounds The school of poetry marks the maturity of Chinese modernist literature and indicates the peak of the development of new poetry in China The book reviews the glorious achievements of Mu Dan's new poetry writings confirms his contributions to Chinese translations of Russian poems and British romanticism poems as well as modernist poems Moreover the author spares no efforts to delineate numerous noticeable colonies of Chinese poets and historical figures such as Mao Zedong Zhou Enlai Yu Youren and Sun Liren In the monograph the diachronic and synchronic descriptions are both elaborate and unambiguous and the historical narratives are both sincere and magnificent Together with abundant and subtle emotional expressions A Critical Biography of Mu Dan Zha Liangzheng A Poet and a Translator is an artistic and academic biographic monograph *Pantheism's Destruction of Boundaries* Abraham Kuyper, 1893 *The Claims of French Poetry* John Cann Bailey, 1907 *The Uniform Trade List Annual*, 1873 With alphabetical indexes of firms and trade specialties *The Poet's Work* Leonard Nathan, Arthur Quinn, 1991 Born eighty years ago in Lithuania Czeslaw Milosz has been acclaimed one of the greatest poets of our time perhaps the greatest Joseph Brodsky This self-described connoisseur of heavens and abysses has produced a corpus of poems essays memoirs and fiction of such depth and range that the reader's imagination is moved far beyond ordinary limits of consciousness In *The Poet's Work* Leonard Nathan and Arthur Quinn

follow Milosz's wanderings in exile from Poland to Paris to Berkeley as they chart the singular development of his art. Relating his life and his works to the unfolding of his thought they have crafted a lucid reading of Milosz that far surpasses anything yet written on this often enigmatic poet. The Poet's Work is not only a solid introduction to Milosz; it is also a unique record of the poet's own interpretations of his work. As colleagues of Milosz at Berkeley, Nathan and Quinn had long detailed discussions with the poet. It is this spirit of collaboration that brings a sense of immediacy and authority to their seamless study. Nathan and Quinn reveal as never before why Milosz is a true visionary, a poet of ideas in history. And they show how the influence of Blake, Simone Weil, Dostoevsky, Lev Shestov, and Swedenborg, together with Henry Miller, Allen Ginsberg, and Robinson Jeffers, has enriched his vision. Milosz's lifelong experience of totalitarian regimes that exalt science and technology over individual needs and aspirations, his acute sense of alienation as an migrant, and his humanistic zeal and belief in the primacy of living have brought a prismatic quality to his poetry. At seventy, Milosz spoke of himself as an ecstatic pessimist. In their sensitive mapping of his art, Nathan and Quinn skillfully demonstrate that Milosz's global influence has been achieved by the ever-shifting balance he strikes between ecstasy and pessimism. Irony and humor are never far from this book, which not only communicates Milosz's polyphonic message but also evokes his uniquely humane sensibility. The Poet's Work is an illuminating introduction to Milosz that will inform and engage scholars and general readers for years to come. **The**

Development of Theology as Illustrated in English Poetry from 1780 to 1830 Stopford Augustus Brooke, 1893

Algernon Swinburne and Walter Pater Sarah Glendon Lyons, 2017-07-05 How did literary aestheticism emerge in Victorian Britain with its competing models of religious doubt and visions of secularisation? For Lyons, the aestheticism developed and progressively revised by Algernon Charles Swinburne (1837-1909) and Walter Pater (1839-1894) illuminates the contradictory impulses of modern secularism: on the one hand, a desire to cast itself as a form of neutrality or disinterestedness; on the other, a desire to affirm this world as the place of human flourishing or even enchantment. The standard narrative of a crisis of faith does not do justice to the fissured, uncertain quality of Victorian visions of secularisation. Precisely because it had the status of a confusing hypothesis rather than a self-evident reality, it provoked not only dread and melancholia but also forms of fantasy. Within this context, Lyons gives a fundamentally new account of the aims and nature of Victorian aestheticism, taking as a focus its deceptively simple claim that art is for art's sake, first of all. Self-fashioning

and Reflexive Modernity in Modern Chinese Poetry, 1919-1949 Jiayan Mi, 2004 This study explores diverse modes of self-fashioning in the discursive formation of Chinese modernity between 1919 and 1949 in modern Chinese poetry. **Modern Religious Cults and Movements** Gaius Glenn Atkins, 1923 *Tocqueville, Democracy, and Religion* Alan S.

Kahan, 2015-08-06 The relationship between democracy and religion is as important today as it was in Alexis de Tocqueville's time. Tocqueville's *Democracy and Religion* is a ground-breaking study of the views of the greatest theorist of democracy writing about one of today's most crucial problems. Alan S. Kahan, one of today's foremost Tocqueville scholars, shows how

Tocqueville's analysis of religion is simultaneously deeply rooted in his thoughts on nineteenth century France and America and pertinent to us today. Tocqueville thought that the role of religion was to provide checks and balances for democracy in the spiritual realm just as secular forces should provide them in the political realm. He believed that in the long run secular checks and balances were dependent on the success of spiritual ones. Kahan examines how Tocqueville thought religion had succeeded in checking and balancing democracy in America and failed in France as well as observing Tocqueville's less well known analyses of religion in Ireland and England and his perspective on Islam and Hinduism. He shows how Tocqueville's post secular account of religion can help us come to terms with religion today. More than a study of Tocqueville on religion in democratic society, this volume offers us a re interpretation of Tocqueville as a moralist and a student of human nature in democratic society, a thinker whose new political science was in the service of a new moral science aimed at encouraging democratic people to attain greatness as human beings. Tocqueville Democracy and Religion gives us a new Tocqueville for the twenty first century.
