Paper Brigade:

Grains of Wheat Eleonore Stump, 2025-02-24 There is a kind of knowledge that is non propositional one variety of it can be acquired in second person experience of another person but it can also be transmitted through narratives This narratively mediated kind of knowledge can be significant for philosophical and theological reflection Biblical narratives have prompted detailed reflection for so many centuries because they offer profound insights into the nature of the human condition and human flourishing This book brings together detailed examinations of narratives in the Hebrew Bible and the New Testament to yield one large emergent story which has something to teach that can be missed when the stories are taken in isolation from one another These are the stories of Job Samson Abraham Mary of Bethany the temptations of Christ the passion of Christ and the story from the book of Ecclesiastes Taken together these narratives depict a possible world in which there is a good for suffering human beings that outweighs their suffering and that could not be gotten without the suffering not even in a world without the Fall On this emergent larger story human suffering is defeated and peace and joy in human life are possible

The Book Smugglers David E. Fishman, 2018-09-04 The Book Smugglers is the nearly unbelievable story of ghetto residents who rescued thousands of rare books and manuscripts first from the Nazis and then from the Soviets by hiding them on their bodies burying them in bunkers and smuggling them across borders It is a tale of heroism and resistance of friendship and romance and of unwavering devotion including the readiness to risk one's life to literature and art And it is entirely true Based on Jewish German and Soviet documents including diaries letters memoirs and the author's interviews with several of the story's participants The Book Smugglers chronicles the daring activities of a group of poets turned partisans and scholars turned smugglers in Vilna The Jerusalem of Lithuania The rescuers were pitted against Johannes Pohl a Nazi expert on the Jews who had been dispatched to Vilna by the Nazi looting agency Einsatzstab Reichsleiter Rosenberg to organize the seizure of the city's great collections of Jewish books Pohl and his Einsatzstab staff planned to ship the most valuable materials to Germany and incinerate the rest The Germans used forty ghetto inmates as slave laborers to sort select pack and transport the materials either to Germany or to nearby paper mills This group nicknamed the Paper Brigade and informally led by poet Shmerke Kaczerginski a garrulous street smart adventurer and master of deception smuggled thousands of books and manuscripts past German guards If caught the men would have faced death by firing squad at Ponar the mass murder site outside of Vilna To store the rescued manuscripts poet Abraham Sutzkever helped build an underground book bunker sixty feet beneath the Vilna ghetto Kaczerginski smuggled weapons as well using the group's worksite the former building of the Yiddish Scientific Institute to purchase arms for the ghetto's secret partisan organization All the while both men wrote poetry that was recited and sung by the fast dwindling population of ghetto inhabitants With the Soviet liberation of Vilna now known as Vilnius the Paper Brigade thought themselves and their precious cultural treasures saved only to learn that their new masters were no more welcoming toward Jewish culture than

the old and the books must now be smuggled out of the USSR Thoroughly researched by the foremost scholar of the Vilna Ghetto a writer of exceptional daring style and reach *The Book Smugglers* is an epic story of human heroism a little known tale from the blackest days of the war

Stolen Words Mark Glickman, 2016 *Stolen Words* is an epic story about the largest collection of Jewish books in the world tens of millions of books that the Nazis looted from European Jewish families and institutions Nazi soldiers and civilians emptied Jewish communal libraries confiscated volumes from government collections and stole from Jewish individuals schools and synagogues Early in their regime the Nazis burned some books in spectacular bonfires but most they saved stashing the literary loot in castles abandoned mine shafts and warehouses throughout Europe It was the largest and most extensive book looting campaign in history After the war Allied forces discovered these troves of stolen books but quickly found themselves facing a barrage of questions How could the books be identified Where should they go Who had the authority to make such decisions Eventually the military turned the books over to an organization of leading Jewish scholars called Jewish Cultural Reconstruction Inc whose chairman was the acclaimed historian Salo Baron and whose on the ground director was the philosopher Hannah Arendt with the charge of establishing restitution protocols *Stolen Words* is the story of how a free civilization decides what to do with the material remains of a world torn asunder and how those remains connect survivors with their past It is the story of Jews struggling to understand the new realities of their post Holocaust world and of Western society's gradual realization of the magnitude of devastation wrought by World War II Most of all it is the story of people of Nazi leaders ideologues and Judaica experts of Allied soldiers scholars and scoundrels and of Jewish communities librarians and readers around the world *Gunther & the paper brigade*, 2003
