Paper Tangos Public Planets:

Paper Tangos Julie M. Taylor, 1998 In PAPER TANGOS classically trained dancer and anthropologist Julie Taylor examines the poetics of the tango while recounting a life lived crossing the borders of two distinct and complex cultures Drawing parallels among the violence of the Argentine Junta tango dancing and her own life Taylor weaves the line between engaging memoir and cultural critique The book s design includes photographs on every page that form a flip book sequence of a tango 89 photos *Ethnomusicology* Jennifer Post, 2004-03-01 Ethnomusicology A Research and Information Guide is an annotated bibliography of books recordings videos and websites in the field of ethnomusicology The book is divided into two parts Part One is organised by resource type in catagories of greatest concern to students and scholars This includes handbooks and guides encyclopedias and dictionaries indexes and bibliographies journals media sources and archives It also offers annotated entries on the basic literature of ethnomusicological history and research Part Two provides a list of current publications in the field that are widely used by ethnomusicologists Multiply indexed this book serves as an excellent tool for librarians researchers and scholars in sorting through the massive amount of new material that has appeared in the field over the past decades **Natives Making Nation** Andrew Canessa, 2011-08-01 In Bolivia today the ability to speak an indigenous language is highly valued among educated urbanites as a useful job skill but a rural person who speaks a native language is branded with lower social status Likewise chewing coca in the countryside spells inferior indian but in La Paz jazz bars it s decidedly cool In the Andes and elsewhere the commodification of indianness has impacted urban lifestyles as people co opt indigenous cultures for qualities that emphasize the uniqueness of their national culture This volume looks at how metropolitan ideas of nation employed by politicians the media and education are produced reproduced and contested by people of the rural Andes people who have long been regarded as ethnically and racially distinct from more culturally European urban citizens Yet these peripheral natives are shown to be actively engaged with the idea of the nation in their own communities forcing us to re think the ways in which indigeneity is defined by its marginality The contributors examine the ways in which numerous identities racial generational ethnic regional national gender and sexual are both mutually informing and contradictory among subaltern Andean people who are more likely now to claim an allegiance to a nation than ever before Although indians are less often confronted with crude assimilationist policies they continue to face racism and discrimination as they struggle to assert an identity that is more than a mere refraction of the dominant culture Yet despite the language of multiculturalism employed even in constitutional reform any assertion of indian identity is likely to be resisted By exploring topics as varied as nation building in the 1930s or the chuqila dance these authors expose a paradox in the relation between indians and the nation that the nation can be claimed as a source of power and distinct identity while simultaneously making some types of national imaginings unattainable Whether dancing together or simply talking to one another the people described in these essays are shown creating identity through processes that are inherently social and

interactive To sing to eat to weave In the performance of these simple acts bodies move in particular spaces and contexts and do so within certain understandings of gender race and nation Through its presentation of this rich variety of ethnographic and historical contexts *Natives Making Nation* provides a finely nuanced view of contemporary Andean life
