Papers for the Suppression of Reality Matt Werner, Shaka Freeman, 2011-03 In the great tradition of Jorge Luis Borges's *Cronicas de Bustos Domecq* Mad Magazine The Onion's *In The Know* with Clifford Banerjee *Army Man* *Might Magazine* *Yeti* *Researcher* and The Neal Pollack Anthology of American Literature comes a work of metafiction that's so visionary so revolutionary that it's trite. *Papers for the Suppression of Reality* is a work of academic humor that's billed as the English translation of Jacques Reboul's non-existent surrealist journal *Feuilles pour la suppression de la realite*. Additional background: Argentinian author Jorge Luis Borges wrote fake book reviews of books that didn't exist. Matt Werner teamed up with the brilliant though embattled yet to be tenured Dr. Shaka Freeman to write one of the fake books referenced in Borges's *Pierre Menard: Author of the Quixote*. The Jorge Luis Borges Ultra Secret Society is proud to present this title for the first time in English. Critical reception: Excoriated by Borges scholars for its pseudo historicism anachronisms and substandard grammar. *Papers for the Suppression of Reality* has been called "The worst book ever written on Jorge Luis Borges." What you get: Printed in California on 100% cotton archival paper with the world's largest Jorge Luis Borges themed crossword puzzle in the back. Special editions also feature a fold out map of Borges's Real and Imaginary Buenos Aires. Hand bound and individually numbered by the authors.

American Literature in Transition, 2000-2010 Rachel Greenwald Smith, 2017-12-28 *American Literature in Transition 2000-2010* illuminates the dynamic transformations that occurred in American literary culture during the first decade of the twenty-first century. The volume is the first major critical collection to address the literature of the 2000s, a decade that saw dramatic changes in digital technology, economics, world affairs, and environmental awareness. Beginning with an introduction that takes stock of the period's major historical, cultural, and literary movements, the volume features accessible essays on a wide range of topics including genre fiction, the treatment of social networking in literature, climate change fiction, the ascendancy of Amazon and online booksellers, 9/11 literature, finance and literature, and the rise of prestige television.
