Il regno della Luna, Part 2 Niccolò Piccinni, Niccol Piccinni 1728 1800 wrote *Il regno della luna* for the Regio Ducal Theatro in Milan in 1770 and a revised version preserved in the only extant source was performed seven times in Dresden between 1773 and 1775 The work showcases the subversion of *dramma giocoso* conventions through which Piccinni presented characters that are at once realistic and sympathetic Noteworthy musical elements include the high proportion of ensembles in relation to arias the frequent use of accompanied recitative and the prominent role of the chorus The unknown librettist may have been Giuseppe Parini whose Enlightenment views are echoed in the opera's unconventional themes The libretto engages strongly with eighteenth century Italian discourse regarding the social and political position of women the non European Other and the societal costs and benefits of militarism and commerce Involving actual travel to the Moon the work also exemplifies early science fiction Presented here in its first modern edition *Il regno della Luna* stands as a testament to the most forward looking ideas of its time both musically and ideologically *American Investments Classified ...*, 1900 *Public Documents of Massachusetts* Massachusetts, 1911 Final Environmental Statement for the Geothermal Leasing Program: Leasing of geothermal resources in three California areas United States. *Ma-Ka-Tai-Me-She-Kia-Kiak, or Black Hawk* Black Hawk, 2023-05-28 Black Hawk so named after the sacred medicine bag he carried with him was a warrior and a leader of a tribe of Sauk Native Americans in the American Midwest circa 1800 He rose to leadership during a tumultuous time for his people as they were pressed on all sides by the warlike British the ruthlessly expansionist Americans and the grudges and jealousies of neighboring tribes He lived as a warrior for much of his early life when the War of 1812 between the British and the Americans forced the Sauk to take sides and enter the fray Angered by the Americans demands they sign shaky treaties to cede their land the tribe fought for the British until the toll of the war forced the tribe to bow out After the war Black Hawk signed a peace treaty with the Americans but a series of misunderstandings once again brought tensions between the Sauk and the Americans to a head When a group of under trained Illinois militia mistakenly opened fire on the Sauk Black Hawk began what is known as the Black Hawk War leading raids against American forts and settlements in an effort to reclaim their ancient land Even though Black Hawk managed to convince other tribes to join his cause the war was quickly lost and Black Hawk captured He was then taken on a tour of the vast East Coast cities in an attempt to impress upon him America s overwhelming might Despite his status as a former enemy he was treated with dignity and respect by his captors before they granted him a small house and plot of land in Iowa to live out the rest of his days His autobiography was dictated to a translator Antoine Le Clair and written down by his amanuensis and publisher J B Patterson The story Black Hawk tells is a vivid one of life on the prairie rich with tradition and meaning but riven equally by war and bloodshed As he reminisces about the bucolic life he and his ancestors once led and compares it with the hardships his people are facing his sorrow becomes palpable and as his days draw to a close the reader sees that even to Black Hawk the fate of his people appears inevitable
