 Orhan Pamuk s My Name Is Red set amid the artistic splendor and religious intrigue of sixteenth century Istanbul is a
 fantastical story of love and murder propelled by the philosophical puzzle at its core The Ottoman sultan has commissioned
 the most acclaimed artists in the land to create a great book celebrating the glories of his realm but he wants them to
 illuminate it in the European style Because there are those who believe art that imitates the real is an affront to Islam the
 project must be kept secret Panic and scandal erupt when one of the chosen miniaturists disappears along with a crucial
 page of the manuscript the surviving artists bitter rivals variously motivated by pride greed faith and love are all under
 suspicion of murder and the only clue to the mystery lies in the half finished illustrations themselves Estambul. Preparar
