revolutionizing grocery store shelves restaurant menus and dinner table conversations But there are questions beyond its efficacy and longevity Is the Atkins diet a new wrinkle in capitalist exploitation or a twisted expression of negative body images Is it a symbol of super masculinity Has the Atkins diet really been around for centuries under other names Can it increase intelligence or cause global warming and melt the polar ice caps How does Atkins fit into Kant s conception of the moral life or Rousseau s vision of a kinder gentler human society The Atkins Diet and Philosophy wittily explores these and other pressing questions in sixteen entertaining essays Following the same fun readable approach as earlier volumes in this series this book uses philosophy to put the Atkins diet under the microscope and uses the Atkins diet to teach vital philosophical lessons for life
