Mebages From The Dead:

Lens Flare (Merry Menages 1) Alex Winters, 2025-05-22 Siren Menage Amour Erotic Romance Contemporary Menage ManLove Alternative MMF HEA Simon Carpenter never thought he'd see Hank Chalmers again. They hadn't spoken since sharing a taboo kiss in the baseball dugout during a senior superlative photoshoot just before high school graduation. But now Hank's back in town for Christmas break, staying with his much older and obviously female lover Lily Vanderbilt. Lily knows all about Hank's boy on boy kiss back in high school and does everything she can to encourage him to explore that side of himself while he's away at Summerville State. And when she discovers that the recipient of that kiss is none other than Lake Sapphire's premiere boudoir photographer Simon Carpenter, she makes a quick appointment for a couples photo shoot. Her decision leads to more than just a racy holiday gift. The threesome that follows demands not only energy from its extremely willing participants but the desire to see it played out long after the holidays are over. Library of Famous Fiction: Yates, E.H. Paul Tremblay, award-winning author of *A Head Full of Ghosts*. These seventeen tales take readers into the uniquely twisted mind of one of Canada's most promising new horror writers. Publishers Weekly: From a live necrophilia show starring reanimated corpses to a confrontation between a security guard and inhuman squatters from who can be found at an all-night laundromat to what lies in wait at the bottom of the sea from undead addictions to all-consuming obsessions, *Kissing Carrion* is a journey through some of the most beautifully rendered visions of darkness and death to be published this past year. Fans of Poppy Z Brite, Charlee Jacob, and Clive Barker should enjoy this collection immensely. SF Reader: Praise for Gemma Files. One of the standout horror novels of 2015. From an author who has already established herself as one of the genre's most original and innovative voices, *Experimental Film* is a remarkable achievement. Los Angeles Review of Books: *We Will All Go Down Together* is a vivid, haunting mix of horror and fantasy woven together through a complex fugue of short stories. The effect is powerful. It's a book you have to work hard at in order to make sure you're not missing any of the peripheral connections. But it rewards the effort, and then some. Entertainment Weekly: The recent republication of Gemma Files's first two collections of short fiction, *Kissing Carrion* and *The Worm in Every Heart*, was a reminder of how long and how well she has been writing.
