Médecines Traditionnelles Sacrées:

Médecines traditionnelles sacrées Claudine Brelet-Rueff, 1975 **Convocations thérapeutiques du sacré**, 2002-01-01

De nos jours comme en tout temps la souffrance humaine interpelle la religion l'homme s'adresse aux forces surnaturelles sinon pour recouvrer la santé du moins pour donner un sens la maladie et la mort Le sacré est alors convoqué au chevet du malade mais il est aussi demandé par le thérapeute qui y cherche inspiration et pouvoir Que l'on pense au développement fulgurant des nouvelles Églises de guérison en Amérique latine et en Afrique Cet ouvrage explore les interfaces entre le religieux et la maladie tels que le miracle et les grâces de guérison ou la construction d'une spiritualité travers l'expérience personnelle de la maladie Il révèle aussi la place du religieux dans les attitudes face la prévention et la prescription de médicaments ou au sein de pratiques apparemment loignées de lui telles que le souci pour l'écologie et le développement personnel Ces convocations du sacré ont pour but de soigner L'ouvrage s'intéresse leurs implications dans la thérapie et dans les représentations de la maladie Il ressort des cas étudiés combien les liens entre religion et maladie permettent l'individu d'avoir une prise sur la religion et aux religions d'exercer une emprise sur le croyant **Médecines traditionnelles sacrées** Claudine Brelet, 1975 **Médecine traditionnelle et médecine scientifique** Simon-pierre Mvone Ndong, 2015-01-01 Voici une confrontation entre une médecine occidentale scientifique et un ensemble de pratiques de soins dites médecine traditionnelle Comment envisager un système de soins dans lequel collaborent deux traditions médicales occidentales et africaines quelles sont les conditions permettant d'établir une collaboration entre toutes ces pratiques soignantes pour avoir un système de soins qui tienne compte de l'histoire sociale et culturelle des peuples d'Afrique La rationalité de la médecine traditionnelle en Afrique Simon-pierre Mvone Ndong, 2015-01-01 L'objet de cet ouvrage est non seulement d'entrevoir un dialogue entre la médecine moderniste scientifique et technoscientifique avec la médecine traditionnelle et ses représentations mais surtout de parvenir à l'élaboration d'une médecine interculturelle qui présente un système de santé incorporant médecine moderne et médecine traditionnelle africaine la phytothérapie Médecines traditionnelles et populaires en Périgord Robert Delfour, 1991 **MÉDECINES TRADITIONNELLES ET PROJETS HUMANITAIRES EN AMÉRIQUE LATINE** Bernadette Poisson, 2002-05-01 La compréhension des médecines autochtones est peut-être une clé pour formuler des réponses aux problèmes humanitaires croissants dans certains pays du Sud Elle permet aussi aux pays occidentaux de s'ouvrir d'autres cultures Cet ouvrage pose un certain nombre de questions s'agit-il de porter soin l'individu malade ou de restituer l'équilibre d'une communauté villageoise voire d'un cosystème perturbé par l'apparition de la maladie Le soin vise trouver une résolution symbolique au malaise identifié Il cherche à établir par des pratiques rituelles le lien d'harmonie perdu entre l'homme et la nature en prenant en compte l'inconscient collectif de ces groupes ethniques **L'expression du sacré dans les grandes religions: Mazdéisme, Cultes israhélites, Religion grecque, Manichéisme, Nouveau Testament, Vie de l'Homo religiosus**, 1978 *Guide du professionnel de la santé sur la compétence culturelle - E-Book* Rani Hajela

Srivastava, 2024-09-06

Développez les compétences pour comprendre et soigner une grande diversité de patients

Le Guide du professionnel de la santé sur la compétence culturelle 2^e édition explique la prestation de soins interculturels sûrs et efficaces. Ce livre met la théorie en pratique en commençant par un aperçu de la compétence culturelle clinique. Il montre comment appliquer la compétence culturelle à diverses populations et discute des considérations à prendre en travaillant avec des populations précises. Avec cette approche, vous développerez un ensemble de comportements, d'attitudes et de principes grâce auxquels vous travaillerez efficacement dans de nombreux milieux.

Rédigé par une équipe d'auteurs dirigée par Rani H. Srivastava, ce guide améliorera votre prise en charge des Autochtones, des membres de la communauté 2ELGBTQI+ de personnes racisées, d'immigrants et de réfugiés.

NOUVEAU Cette édition est enrichie de nouveaux chapitres sur la santé des Autochtones, la diversité sexuelle et de genre, la santé des immigrants et des réfugiés, et la santé communautaire, ainsi que de nouveaux sujets tels que la sécurité culturelle, l'humilité culturelle, les impacts du racisme, le travail avec les interprètes, l'utilisation de la technologie et les soins palliatifs.

NOUVEAU UNIQUE Des perspectives sur la compétence et la sécurité culturelles tout au long du texte vous permettront de fournir des soins culturellement sûrs et d'atteindre votre objectif d'apporter des soins dignes et appropriés sur le plan culturel.

NOUVEAU Une discussion sur les questions culturelles aborde le pouvoir, les privilèges, l'intersectionnalité, le rôle de la défense des droits et comment créer un allié.

NOUVEAU Un contenu jour après jour comprend les dernières statistiques, lignes directrices, recherches, références et ressources.

NOUVEAU Le site Web Evolve améliore votre compréhension des questions de révision des études de cas plausibles et plus encore.

Une approche **UNIQUE** aborde les populations telles que les travailleurs de la santé les rencontrent et non en fonction d'étiquettes ethnoculturelles ou religieuses.

Un style d'écriture accessible transmet l'information d'une manière équilibrée et concise pour les étudiants de premier et de deuxième cycle, ainsi que pour les professionnels de la santé.

Une perspective multidisciplinaire grâce à des auteurs et à des équipes qui représentent des disciplines de la santé et des identités culturelles diverses qui travaillent en éducation ou en prestation de soins de la santé et qui présentent des idées complexes de manière compréhensible et des idées controversées de manière transparente.

Des encadrés : Considérations culturelles dans les soins et Compétence culturelles en action qui associent la théorie, la pratique et invitent une autoréflexion critique.

Parmi les outils d'enseignement et d'apprentissage, chaque chapitre offre des objectifs d'apprentissage et des termes clés. Chaque fin de chapitre propose des activités de groupe, des propositions ainsi que des questions de révision et plus encore.

Subject Catalog Library of Congress, 1975 **Subject Catalog, 1975** Library of Congress, 1975 *Library of Congress Catalogs* Library of Congress, 1976 **Revue scientifique et administrative des médecins des armées de terre et de mer**, 1870 *L'art ancien de guérir* L. Schlosser, 1984 Les représentations de la santé et de la maladie chez les Ivoiriens Harris Memel-Fotê, 1998

Cet ouvrage étudie les représentations de la santé et de la maladie chez les Ivoiriens, les attitudes et comportements qui les accompagnent, les institutions travers lesquelles elles s'expriment, l'évolution de ces représentations, de ces attitudes et de ces institutions.
