## **The Middle East Peace Process and the EU**

Taylan Özgür Kaya, 2012-12-20 EU policy makers have in the past decade endeavoured to formulate a substantial redefinition of the organisation's international ambitions. Attempting to carve out a new role as a key foreign and security policy actor in international politics the EU has been involved in peace negotiations across the globe. Here Taylan Ozgur Kaya looks at how this is enacted with particular reference to the Middle East peace process. Expanding its political diplomatic economic and security role in the region the EU whilst still being the junior partner to the US has increasingly played a more conspicuous role in the attempts to resolve or at least mediate the Israeli Palestinian conflict. Bearing this in mind Kaya examines to what extent the EU manages to live up to its self image as a key player in conflict resolution and crisis management in the region and beyond. With the financial and diplomatic future of Europe ever more in the spotlight this book will appeal both to researchers of the Peace Process and to policy makers

[The Palestinian Authority in the West Bank](#) Michelle Pace,Somdeep Sen,2018-12-19

The Palestinian Authority in the West Bank explores the manner in which the Palestinian Authority s performative acts affect and shape the lives and subjective identities of those in its vicinity in the occupied West Bank The nature of Palestinians statelessness has to contend with the rituals of statecraft that the Palestinian Authority PA and its Palestinian functionaries engage in These rituals are also economically maintained by an international donor community and are vehemently challenged by Palestinian activists antagonistic to the prevalence of the statist agenda in Palestine Conceptually the understanding of the PA s theater of statecraft is inspired by Judith Butler s conception of performativity as one that encompasses several repetitive and ritual performative acts The authors explore what they refer to as the fuzzy state personified in the form and conduct of the PA looks like for those living it from the vantage point of PA institutions NGOs international representative offices and activists Methodologically the book adopts an ethnographic approach by way of interviews and observations in the occupied West Bank and East Jerusalem The Palestinian Authority in the West Bank makes an important and long due intervention by integrating performance studies and politics to suggest an understanding of the theatrics of woeful statecraft in Palestine The book is an essential resource for students and scholars interested in the study of the state International Relations and Politics Palestine Studies and the Middle East
