Hostages of Modernization Herbert Arthur Strauss,1993 No detailed description available for Austria Hungary Poland Russia *New Nationalism (The) (Ppr)* Louis Leo Snyder,2003-01-01 In Snyder's opinion nationalism should be differentiated from Theodore Roosevelt's New Nationalism a phrase he borrowed from Herbert D Croly's The Promise of American Life Croly warned that giving too much power to big industry and finance would lead to the degradation of the masses and that state and federal intervention must be pursued on all economic fronts Roosevelt

expanded upon this concept and saw the flourishing of democratic government as a means of reviving the old pioneer sense of individualism and opportunity Snyder in contrast extends the work of the two major pioneers in the study of modern nationalism Carlton J H Hayes and Hans Kohn in exploring this most powerful sentiment of modern times and showing how it relates to the political economic and psychological tendencies of historical development

Pan-Germanism Versus Christendom Émile Prum,1916 **The Pan-German League and Radical Nationalist Politics in Interwar Germany, 1918-39** Professor Barry A Jackisch,2012-09-01 Through an examination of the Pan German League one of Germany s most prominent radical nationalist groups and its connections to a range of right wing organizations between 1918 and 1939 this study provides important new insights into the political fragmentation of the German Right and the Nazi seizure of power It is the first book to examine in detail the Pan German League s political activities in the Weimar and Nazi periods Unlike existing studies that focus primarily on the League s ideology and public

pronouncements this book analyzes the organization's political connections with other prominent right wing groups. Specifically it explores Pan German efforts to reshape the landscape of right wing politics in the wake of German defeat in World War One and details how the League's actions undermined moderate conservatives and helped to radicalize Germany's largest conservative party the German National People's Party DNP at the local and national level. The book also sheds new light on the surprisingly contentious relationship between the Pan Germans and the Nazi Party between 1920 and 1939. This study of the Pan German League fits with more recent scholarship that emphasizes the political fragmentation of the German Right as an important precondition for the ultimate triumph of Hitler and Nazism in 1933. It will attract readers with an interest not only in the Weimar Republic and Nazi Germany but also wider issues of German Central European history, radical nationalism, conservative and right wing party politics and the general political history of interwar Europe.
