John Payne Collier

Pandoras Curse:

Pandora's Curse Jack Du Brul, 2001 A deadly fifty year old secret from World War II hidden away at a top secret Nazi submarine base could spell disaster for the modern world when a ruthless corporate mercenary plans to hold the entire world hostage unless geologist Philip Mercer and his colleague Anika Klein can stop him Original Goddess Thoughts the Rest Are Mere Details Amy Ramdass, 2005-10-01 Goddess Thoughts is an easy to read easy to absorb lyrical poetry book created by Amy Ramdass Featuring Poetry on the hidden secrets and mysteries of life Goddess Thoughts overflows with over 250 poems on topics as diverse as the Goddess herself and draws the readers into the fascinating world of the ancient mythological Immortals where the reader becomes Divinity Gods and Goddess of the modern era Although these poems worship the Divinity in modern man the main focal point is that of empowering the Goddess in her fellow women Goddess Thoughts are wider than the poles so be prepared for positive transformation as you begin to absorb the secret thoughts of the Tantric Goddess And she is inviting you to come fly on the wings of her poetry and soar your spirits free **Gender and Desire** Polly Young-Eisendrath, 1997 Also available in an open access full text edition at <http://oaktrust.library.tamu.edu/handle/1969.1/146844> Contradictory and provocative pathways crisscross the terrain of gender among contemporary psychologists and psychoanalysts Clearing a path through this terrain Polly Young Eisendrath describes and illustrates issues of gender and desire among women and men Young Eisendrath introduces three world views premodern modern and postmodern Then she calls our attention to how we shape reality and clearly explains how a lived postmodern philosophy is essential for us to understand ourselves and how we can change Next she discusses gender and sex differences in terms of how the former are flexible and the latter are not The division of the human community into the two exclusive groups of male and female has important psychological implications on both conscious and unconscious levels Most depth psychological theories of gender and sex have been androcentric taking males as the norm for health and have failed to develop a full understanding of desire opposition and idealization between the sexes One major theme in a depth psychology of gender is that of Woman as the object of desire The Greek myth of Pandora deftly illustrates the problem of female beauty as the desire awakening maiden Pandora is powerful but empty The link between female beauty power and evil teaches us about the consequences of female appearance as a commodity to be used among men Zeus placed the curse of Pandora on humankind as a punishment for the theft of fire from the gods and we are still living with the effects of this patriarchal curse The double bind of female beauty damned if you engage it and damned if you don't must be lifted from the male female relationships in this time of growing equality and reciprocity between the sexes For women and men to reach their full potential of development as individuals and in relationships they must break Pandora's curse and free themselves from the myth of the power of female beauty In working to liberate us from the curse of Pandora Young Eisendrath has developed a theory of desire desire contains within it a primordial absence a sense that something is missing When we come to understand the

nature of desire itself we can be liberated from its domination Drawing on experiences from culture everyday life and psychotherapy Polly Young Eisendrath's *Gender and Desire* Uncursing Pandora provides a full engagement with the intricacies and complexities of gender desire and liberation for women and men in a postmodern world *Deep Fire Rising* Jack Du Brul, 2003-12-02 USA Today bestselling author Jack Du Brul brings back geologist adventurer Philip Mercer for an apocalyptic adventure Hired to lead the excavation of caverns deep beneath Area 51 Philip Mercer finds himself drilling straight into the epicenter of an age old conspiracy A reclusive order of Himalayan monks through special knowledge of the earth's tectonic movement has predicted the end of the world and it is determined to see the prediction unfold accordingly Now with icebergs floating through the South Pacific and a thermonuclear bomb set to destroy an island paradise the stage is set for Armageddon and it is up to Philip Mercer and the beautiful mysterious Tisa Nguyen to prevent a cataclysm beyond imagination **River of Ruin** Jack Du Brul, 2002-12-03 In the heart of Panama a volcanic lake feeds a serpentine river its stone banks laid by the Inca who took back the gold and jewels plundered from them by the conquistadors Legend has it that the Twice Stolen Treasure has been buried for centuries in the Panamanian jungle Discovering it means surviving the unpredictable black waters of the River of Ruin It begins at a Paris auction house with a favor granted by an old high school friend to geologist Philip Mercer the opportunity to buy a rare diary written during the French attempt at digging the Panama Canal But Mercer isn't the only one who wants it Three Chinese assassins have been dispatched to get it forcing Mercer into a subterranean game of cat and mouse that takes him from the hellish maze of l'empire de la mort and through the sewers of Paris Mercer realizes he has uncovered an intricate Chinese plot to trigger a deadly shift in the world's balance of power At stake is control of the canal recently handed over to the government of Panama by the United States Only Philip Mercer with help from beautiful U S Army officer Lauren Vanik a cell of tough French Foreign Legion commandos and a crusty eighty year old retired sea captain named Harry White can stop them *The Pandora Sequence* Frank Herbert, Bill Ransom, 2013-03-06 All three novels in the New York Times bestselling science fiction fantasy series about the survival of a human colony in the wake of AI From Frank Herbert the Hugo and Nebula Award winning author of *Dune* in collaboration with Bill Ransom the bestselling series that began with *Destination Void* *The Jesus Incident* opens as Ship an artificial intelligence with godlike powers delivers the last survivors of humanity to a horrific poisonous planet Pandora rife with deadly Nerve Runners Hooded Dashers airborne jellyfish and intelligent kelp Chaplain and psychiatrist Raja Lon Flattery is brought back out of hibernation to witness Ship's machinations as well as the schemes of human scientists manipulating the genetic structure of humanity *The Lazarus Effect* takes place centuries later The descendants of humanity split into Mermen and Islanders must reunite because Pandora's original owner is returning to life The series concludes with *The Ascension* Factor Pandora is now in the grip of the clone known as Director The resistance's main hope is Crista Galli believed by some to be the child of God and the fight for Pandora spreads ever wider *Pandora's Hope* Austin Harrison, 1925 **Poems**
