## Panic Buttons:

**Security Systems and Intruder Alarms** Vivian Capel, 1999-05-05 An alarm system and total security coverage is today essential for every factory business and shop. This book is a comprehensive guide to evaluating security needs planning and purchasing a system and managing a security system. It is essential reading for business managers, premises managers, shop owners, shopping centre managers and security professionals. As well as a complete guide to alarm systems including their installation, Vivian Capel explores all areas of security that should concern businesses encompassing fire, fraud, liability claims, shoplifting, violence to staff and computer crime. The second edition is a long awaited revision that brings this popular guide up to date with the latest technology and recent developments in security strategy such as the applications of CCTV. In addition, a case study has been added which provides the reader with an opportunity to test their own knowledge and judgement. Solutions are provided at the end of the chapter. New edition contains new information to bring this popular title up to date with latest developments. Excellent reference guide for security professionals, general managers, shop owners etc. Useful for students following the relevant NVQ programmes from SITO.

**Protecting Apartments, Condominiums, and Gated Communities** Michael A. Silva, CPP, CSC, Protecting Apartments, Condominiums and Gated Communities is a guide for owners and managers of multifamily properties. This book offers comprehensive advice on assessing the security risks at your property and in the planning and implementation of an effective security program. Chapters within the book explain the basic concepts for good security, the types of physical and electronic security systems that can be used to protect a property and the strategies that can be used to successfully secure areas both inside and outside of the property. Protecting Apartments, Condominiums and Gated Communities also discusses the operational aspects of managing a security program including the development of security policies and procedures, providing security training for residents and staff using security officers and procuring various types of security products and services. This book provides an unbiased source of advice to people who have responsibility for managing security at a multifamily property. This can range from a private owner who manages a small apartment building to a regional property manager who has a portfolio of hundreds of properties throughout the country. This book is especially useful to Homeowner's Association HOA Board Members who have little or no previous security experience but must make decisions on how security problems at their property can be solved.
