**Guderian** Russell A. Hart, 2006-10 While undoubtedly a great military figure of appreciable ego and ambition and with a volatile impetuous and difficult personality Guderian was determined to achieve his vision of a war winning armored force irrespective of the consequences He proved to be a man who was politically naive enough to fall under the sway of Hitler and National Socialism and yet arrogant enough to believe he could save Germany from inevitable defeat late in the war despite Hitler s interference At the same time Guderian failed either to participate in attempts to remove Hitler or to denounce as traitors the conspirators who did In the end he twisted the truth to establish his

place in history In the process he denigrated the myriad important contributions of his fellow officers as he took personal credit for what were in reality collective accomplishments Thus he succeeded in creating a legend that has endured long after his death     **Germany's Guns, 1939-1945** Terry Gander,1998 This is a study of the artillery weapons available for the German Army between 1939 and 1945 the new designs and their problems of manufacture and the widespread use of captured material and occupied factories Topics covered include all types of artillery including field and heavy artillery coastal guns and anti aircraft guns The Battle of France Operation Barbarossa Siege of Sebastopol and Battle for Berlin are described     The World War II Databook John Ellis,1993 Providing a comprehensive and authoritative summary of all the available facts and figures relating to World War II this text is divided into nine sections for ease of reference     **The Eastern Front Day by Day, 1941-45** Steve Crawford,2006-10 The warriors the weapons and the furious battles     Encyclopedia of Tanks Duncan Crow,Robert Joseph Icks,1975     **Encyclopedia of the Second World War** Bryan Perrett,Ian V.
