Panzer Army Africa James Lucas, 1978 *Afrika-Korps* Ian Baxter, 2014-02-20 A pictorial history of the Nazi German army expeditionary force deployed to North Africa during World War II between 1941 and 1943 Afrika Korps is an illustrated record of Field Marshal Erwin Rommel and his desert troops that fought in North Africa against British and Commonwealth forces between 1941 and 1943 Using previously rare and unpublished photographs many of which have come from the albums of individuals who took part in the desert campaign it presents a unique visual account of the famous Afrika Korps operations and equipment Thanks to an informative caption with every photograph Afrika Korps vividly portrays how the German Army fought across the uncharted and forbidding desert wilderness of North Africa Throughout the book it examines how Rommel and his Afrika Korps were so successful and includes an analysis of desert war tactics which Rommel himself had indoctrinated These tactics quickly won the Afrika Korps a string of victories between 1941 and 1942 The photographs that accompany the book are a fascinating collection that depicts life in the Afrika Korps as seen through the lens of the ordinary soldier *Rommel's Army in Africa* Dal McGuirk, 1987 Offers a unique perspective on the German Armed forces that fought in North Africa under Rommel from 1941 1943 *German Ground Forces of World War II* William T. Army. European Command. Foreign Military Studies Branch,1947 Includes the order from General Field Marshall Rommel to Generalmajor Krause dated Jan 13 1943 regarding the fortification of the Mareth Line Krause s questions to Rommel regarding the order are included as are Rommel s responses to those questions **Two Soldiers, Two Lost Fronts** Don A Gregory,Wilhelm R Gehlen,2009-07-02 Two war diaries that reveal just what it was like day by day living in a Wehrmacht unit Internet Modeler This book is built around two recently discovered war diaries one by a member of the 23rd Panzer Division which served under Manstein in Russia and the other by a member of Rommel s Afrika Korps Together along with detailed timelines and brief overviews they comprise a fascinating up close look at the German side of World War II The stories are told primarily in the first person present tense as events occurred and without the

benefit or liability of postwar reflection The first diary author unknown covers April 1942 to March 1943 the momentous year when the tide of battle turned in the East It first details the unit's combat in the great German victory at Kharkov then the advance to the Caucasus and finally the lethal winter of 1942-43 The second diary's author was a soldier named Rolf Krengel and the diary was the original handwritten copy It starts with the beginning of the war and ends shortly after the occupation Serving primarily in North Africa Krengel recounts with keen insight and flashes of humor the day to day challenges of the Afrika Korps During one of the swirling battles in the desert Krengel found himself sharing a tent with Rommel at a forward outpost Neither of the diarists was famous nor of especially high rank These are simply the brutally honest accounts written at the time by men of the Wehrmacht who participated in two of history's most crucial campaigns The Afrika Korps in Combat, Northwest Africa: Seizing the Initiative in the West George Frederick Howe, 1957 Rommel's Year of Victory James Sidney Lucas, Kurt Caesar, 1998 The German offensive in North Africa coupling the prowess of Rommel The Desert Fox with the superb elan of the German Afrika Korps is widely regarded as one of the most astonishing military achievements of World War II Rommel had been sent to Libya in February 1941 to bail out the Italian Army whose short lived invasion of Egypt in the fall of 1940 had been repulsed by the British His ability to adapt his troops to desert warfare is a textbook example of training and tactics in harsh conditions German war artist Kurt Caesar traveled with the Afrika Korps and illustrated the campaign with evocative and detailed drawings Rommel's Year of Victory combines these illustrations with a new gripping narrative by James Lucas that captures the day to day life of the German soldier in the desert James Lucas served as an infantryman in the Tunisian campaign in World War II He is an acknowledged expert on the German military history of the period as well as a widely published military author Germany and the Axis Powers from Coalition to Collapse R. L. DiNardo, 2005 It seemed that whenever Mussolini acted on his own it was bad news for Hitler Indeed the Fuhrer's relations with his Axis partners were fraught with an almost total lack of coordination Compared to the Allies the coalition was hardly an alliance at all Focusing on Germany's military relations with Italy Romania Hungary and Finland Richard DiNardo unearths a wealth of information that reveals how the Axis coalition largely undermined Hitler's objectives from the Eastern Front to the Balkans Mediterranean and North Africa DiNardo argues that the Axis military alliance was doomed from the beginning by a lack of common war aims the absence of a unified command structure and each nation's fundamental mistrust of the others Germany was disinclined to make the kinds of compromises that successful wartime partnerships demanded and because Hitler insisted on separate pacts with each nation Italy and Finland often found themselves conducting counterproductive parallel wars on their own DiNardo's detailed assessments of ground naval and air operations reveal precisely why the Axis allies were so dysfunctional as a collective force sometimes for seemingly mundane but vital reasons a shortage of interpreters for example His analysis covers coalition warfare at every level demonstrating that some military services were better at working with their allies than others while also pointing to rare successes such as

Rommel's effective coordination with Italian forces in North Africa. In the end, while some individual Axis units fought with distinction if not on a par with the vaunted Wehrmacht and helped Germany achieve some of its military aims, the coalition's overall military performance was riddled with disappointments. Breaking new ground, DiNardo's work enlarges our understanding of Germany's defeat while at the same time offering a timely reminder of the challenges presented by coalition warfare.

The German Army Handbook, 1939-1945 James Lucas, 2000 From the opening shots of World War II in Poland in September 1939 through the blitzkrieg to the fall of France and the Low Countries, the German Army was at the forefront of battle. It remained in the thick of the action: the Eastern Front, North Africa, the Balkans, Scandinavia, North West Europe, right up until the last desperate shots were fired over the ruins of a crumbling Third Reich in May 1945. As the instrument with which Hitler was to achieve his plan for world domination, the German Army was at the cutting edge of 20th century military technology. Before the emergence of the US Army as a force to be reckoned with later in World War II, the German Army was the most powerful, efficient, and well equipped fighting force in the world.

Hitler's Japanese Confidant Carl Boyd, 1993 In 1940, the US Army Signal Intelligence Service broke the Japanese diplomatic code. In 1975, Oshima Hiroshi, Japan's ambassador to Berlin during World War II, died never knowing that the hundreds of messages he transmitted to Tokyo had been fully decoded by the Americans and whisked off to Washington, providing a major source of information for the Allies on Nazi activities.

The History of the Fallschirmpanzerkorps Hermann Göring Franz Kurowski, 1995

The Armour of Rommel's Afrika Korps Ian Baxter, 2019-05-30 A pictorial history of the armoured vehicles used by the Nazis during their occupation of North Africa in World War II. The Deutsche Afrika Korps, best known as simply Afrika Korps, earned a well deserved reputation as a superb fighting machine. While this was founded on the leadership and tactical genius of its legendary commander Erwin Rommel and the fighting skills of its officers and men, another vital element was its equipment and armour. This superbly illustrated Images of War book reveals the full range of German armored vehicles that saw service in North Africa from 1941 to mid 1943. As well as the formidable panzers such as the Tiger and Panther tanks, there were Sturmartillerie equipments, reconnaissance vehicles, half tracks, armored cars, Panzerkampfwagens, and motorcycles. All had their roles to play. While the Allies ultimately triumphed in North Africa, the combination of German design and engineering, with superb generalship and fighting spirit, very nearly changed the course of the Second World War in 1942. Military historians and equipment enthusiasts will find this a fascinating and authoritative book.

Another great addition to the Images of War series. A must have for anyone with an interest in the Afrika Korps during World War Two.

The Italian Army In North Africa Walter S. Zapotoczny Jr., 2018-08-17 Previously unpublished analysis of why and how the Italians fought. A look at the role the Italian Army played in North Africa as part of the Deutsches Afrika Korps, German Afrika Korps. In spite of poor leadership, the Italian soldier performed well against all odds in North Africa. Profusely illustrated with many rare and unpublished images. The German soldier has impressed the world; however, the Italian Bersagliere soldier has impressed

the German soldier Erwin Rommel aka The Desert Fox When most people think of the Italian Army in North Africa during the Second World War they tend to believe that the average Italian soldier offered little resistance to the Allies before surrendering Many suggest that the Italian Army performed in a cowardly manner during the war the reality is not so simple The question remains as to whether the Italians were cowards or victims of circumstance While the Italian soldier's commitment to the war was not as great as that of his German counterpart many Italians fought bravely The Italian Littorio and Ariete Divisions earned Allied admiration at Tobruk Gazala and El Alamein The Italian Army played a significant role as part of the German Afrika Korps and made up a large portion of the Axis combat power in North Africa during 1941 and 1942 In the interest of determining how the Italian Army earned the reputation that it did it is necessary to analyse why and how the Italians fought
