**Fantastic Ideas for Engaging Dads** June O'Sullivan, Alice Sharp, 2018-11-01 The 50 Fantastic Ideas series is packed full of fun, original skills based activities for Early Years practitioners to use with children aged 0-5. Each activity features step by step guidance, a list of resources and a detailed explanation of the skills children will learn. Creative, simple and highly effective, this series is a must have for every Early Years setting. Children benefit from the sensitive and supportive engagement of both their parents from the earliest of ages but involving dads can be challenging. This book is designed to provide simple and accessible activities for practitioners looking to engage dads. Both June and Alice work with dads on a daily basis, helping them to understand their contribution to their children's development and longer term educational success. Realising how they can add to what the mums or other carers do in a different but complementary way and how simple activities can enrich their children's lives helps strengthen the bond between father and child. Each simple but effective idea in this book has been developed and written with the intention of promoting child and family well being, helping both children and families grow together.
