The Paradise Eater John Ralston Saul, 1988-01-01 **The Confessions of an English Opium Eater** Thomas De Quincey, 1900 *Taxonomy of the birds of the world* fotolulu, 2018-10-30 How do you come up with the idea to list all the birds in the world including the subspecies and to give all birds English names There is a reason for it my favorite saying whose author is unknown Everyone said that s not possible then there was one who did not know that and just did it I am an animal photographer and probably a little bit crazy I ve built a complete animal database for mammals and birds over the last decade This facilitates my work in determining and archiving images and assigning keywords especially among the many subspecies With this book I would like to give all birding friends and ornithologists a complete overview in English For this I have given unique English names to all subspecies The naming should not meet any scientific requirements The names are based on translations from the Latin name geographical distribution areas and the names of the discoverers The entries consist of the scientific name the English name the distribution areas and the author I wish you a lot of fun with this book but especially while watching the fascinating birdlife fotolulu *The Opium Eater* Thomas De Quincey, 1910 *Confessions of an Opium-eater* Thomas De Quincey, 1907 *A World Checklist of Birds* Burt L. Monroe, Charles G. Sibley, 1997-02-27 Many field ornithologists record where and when they identify species of birds especially when they encounter a species out of its normal range or for the first time Until now however a checklist based on the Sibley Ahlquist Monroe classification has not been available In this book Burt L Monroe Jr and Charles G Sibley provide a list of 9 702 living avian species based on their 1990 book *Distribution and Taxonomy of Birds of the World* and its 1993 Supplement **The Hasheesh Eater's Companion** David M. Gross, 2007-10-09 This useful companion volume to Fitz Hugh Ludlow s *The Hasheesh Eater* contains the complete text of De Quincey s *Confessions of an English Opium Eater* Bayard Taylor s *The Vision of Hasheesh* W B O Shaugnessy s *On the Preparations of the Indian Hemp or Gunjah* many additional hashish and opium related writings by Ludlow the cannabis related medical texts Ludlow relied upon during his experiments and contemporary reviews of *The Hasheesh Eater* *The Bird Almanac* David Michael Bird, 2004 Observing birds often raises many intriguing questions Such as what is the incubation time for those robin eggs sitting in the nest above the porch light What kinds of flowers attract humming birds What are the migratory distances of various species What are the major causes of bird deaths *The Bird Almanac* is an invaluable resource impressive in scope and depth and complemented with tables and illustrations This Second Edition has been reformatted for easier use and now features quick find tabs and an index The first section of the book comprehensively covers the history biology and behavior of birds Bird physiology biological systems and anatomy are explained in easy to understand terms and annotated illustrations Other topics include Fossil history of birds Reproduction and mortality Threatened and endangered species Major birding festivals and competitions How to attract specific species to the backyard Extensive resources for bird lovers including the top birding locations in America Birding code of ethics The

second section consists of an authoritative world checklist of bird species The birds are organized by taxonomic order and listed by common and Latin name The valuable information in The Bird Almanac fills in the gaps in knowledge of even the most seasoned birder *Mr. and Mrs. G.
