

A hand is holding a bright yellow rectangular card in the center of the frame. The card has the words "SELF" and "HELP" written in large, bold, black, sans-serif capital letters, stacked vertically. The background is a blurred image of a library with rows of bookshelves filled with books of various colors. The lighting is bright, and the overall scene suggests a focus on self-help resources available in a library.

Peak Vitality Jeanne House, 2008-03-31 We often strive for our peak of accomplishment peak health peak wealth peak performance The idea for this anthology came from a further question that is both simple but provocative What if we could exceed the upper limits of our performance What would happen if rather than focusing on being physically well we imagined ourselves physically vibrant What would happen if rather than seeking 100% of the good that might come to us we pushed past our boundaries and pictured what 112% might look like What would happen if we took our upper limits of vision as a baseline rather than a ceiling Could we be happier more abundant and healthier than our wildest dreams That's what Peak Vitality is all about It calls us to examine the thresholds of our thinking feeling and experiencing then go beyond what we believe we're capable of Includes chapters from bestselling authors such as Wayne Dyer Christiane Northrup Candace Pert Deepak Chopra Julia Cameron Riane Eisler Dean Ornish and many more

Confidence Culture Shani Orgad, Rosalind Gill, 2021-12-06 In *Confidence Culture* Shani Orgad and Rosalind Gill argue that imperatives directed at women to love your body and believe in yourself imply that psychological blocks rather than entrenched social injustices hold women back Interrogating the prominence of confidence in contemporary discourse about body image workplace relationships motherhood and international development Orgad and Gill draw on Foucault's notion of technologies of self to demonstrate how confidence culture demands of women near constant introspection and vigilance in the service of self-improvement They argue that while confidence messaging may feel good it does not address structural and systemic oppression Rather confidence culture suggests that women along with people of color the disabled and other marginalized groups are responsible for their own conditions Rejecting confidence culture's remaking of feminism along individualistic and neoliberal lines Orgad and Gill explore alternative articulations of feminism that go beyond the confidence imperative
