Netflix Top Shows Readers Choice:

From Memory to History Jim Cullen, 2021-04-16 Our understanding of history is often mediated by popular culture and television series set in the past have provided some of our most indelible images of previous times Yet such historical television programs always reveal just as much about the era in which they are produced as the era in which they are set there are few more quintessentially late 90s shows than That 70s Show for example From Memory to History takes readers on a journey through over fifty years of historical dramas and sitcoms that were set in earlier decades of the twentieth century Along the way it explores how comedies like M A S H and Hogan s Heroes offered veiled commentary on the Vietnam War how dramas ranging like Mad Men echoed current economic concerns and how The Americans and Halt and Catch Fire used the Cold War and the rise of the internet to reflect upon the present day Cultural critic Jim Cullen is lively informative and incisive and this book will help readers look at past times present times and prime time in a new light Designing

Machine Learning Systems Chip Huyen, 2022-05-17 Many tutorials show you how to develop ML systems from ideation to deployed models But with constant changes in tooling those systems can quickly become outdated Without an intentional design to hold the components together these systems will become a technical liability prone to errors and be quick to fall apart In this book Chip Huyen provides a framework for designing real world ML systems that are quick to deploy reliable scalable and iterative These systems have the capacity to learn from new data improve on past mistakes and adapt to changing requirements and environments You ll learn everything from project scoping data management model development deployment and infrastructure to team structure and business analysis Learn the challenges and requirements of an ML system in production Build training data with different sampling and labeling methods Leverage best techniques to engineer features for your ML models to avoid data leakage Select develop debug and evaluate ML models that are best suit for your tasks Deploy different types of ML systems for different hardware Explore major infrastructural choices and hardware designs Understand the human side of ML including integrating ML into business user experience and team structure
