David Weber

International Bestseller Space Opera:

Governor David Weber, Richard Fox, 2021-06-01 For more than fifty years the Terran Republic and the Terran League have been killing one another. The death toll has climbed ever higher year after year with no end in sight. But the members of the Five Hundred, the social elite of the Republic's Heart Worlds, don't care. Rear Admiral Terrence Murphy is a Heart Worlder. His family is part of the Five Hundred. His wife is the daughter of one of the Five Hundred's wealthiest, most powerful industrialists. His sons and his daughter can easily avoid military service and political power is his for the taking. There is no end to how high he can rise in the Republic's power structure. All he has to do is successfully complete a risk-free military governorship in the backwater Fringe System of New Dublin without rocking the boat. But the people sending him to New Dublin have miscalculated because Terrence Murphy is a man who believes in honor. Who believes in duty in common decency and responsibility. Who believes there are dark and dangerous secrets behind the facade of what everyone knows. Terrence Murphy intends to meet those responsibilities to unearth those secrets and he doesn't much care what the Five Hundred want. He intends to put a stop to the killing. Terrence Murphy is coming for whoever has orchestrated fifty-six years of bloodshed and slaughter and Hell itself is coming with him. At the publisher's request, this title is sold without DRM (Digital Rights Management). About *The Gordian Protocol*: Tom Clancy-esque exposition of technical details, absurd humor, and bloody action. Echoes of Robert Heinlein, lots of exploding temporal spaceships and bodies, action-packed. Booklist: A fun and thrilling standalone from Weber and Holo. Time travel enthusiasts will enjoy the moral dilemmas, nonstop action, and crisp writing.

Publishers Weekly **The Space Opera Renaissance** Kathryn Cramer, David G. Hartwell, 2007-07-10 From two acclaimed editors comes the best ever anthology of science fiction's most vigorous subgenres: the space opera. Space opera, once a derisive term for cheap pulp adventure, has come to mean something more in modern SF: compelling adventure stories told against a broad canvas and written to the highest level of skill. Indeed, it can be argued that the new space opera is one of the defining streams of modern SF. Now, World Fantasy Award-winning anthologists David G. Hartwell and Kathryn Cramer have compiled a definitive overview of this subgenre, both as it was in the days of the pulp magazines and as it has become in the 2000s. Included are major works from genre progenitors, popular favorites, and modern day pioneers. *Rebel* David Weber, Richard Fox, 2024-09-03 Book two in David Weber and Richard Fox's *Ascent to Empire* series. HE NEVER WANTED TO BE A REBEL. The Five Hundred, the elite families who rule the Terran Federation, control its political power and its wealth, and they've grown steadily wealthier and more powerful thanks to the war against the Terran League. War may be hard on the people who get caught in its path, but it's very good for business in the short term, and the Five Hundred own the shipyards that build the Navy's ships. They own virtually all the industry that produces the weapons and materiel the war consumes so voraciously, and they've made damn sure someone else does the dying. True, there are a few flies in the Five Hundred's ointment. There's the growing hatred and resentment of the Fringe Worlds whose children do eighty percent of

the dying in the Five Hundred's war But the Five Hundred have made sure the Fringe knows what will happen to any system that goes out of compliance There are the lunatic conspiracy nuts who insist that the alien Rishathan Sphere is secretly aiding the League's military but the Five Hundred have forced them to keep their mouths shut where it matters And then there's Terrence Murphy a man of honor who loves the Federation who springs from the Five Hundred yet knows it for what it is and is determined to speak for its victims But the five hundred have dispatched ample force to deal with him and his handful of lunatic followers Unfortunately the Fringe has paid enough of its children's lives and it no longer cares what may happen if it dares to defy the Five Hundred Worse the lunatic conspiracy nuts were right and the Rish have planned carefully for the Federation's destruction And worst of all the Five Hundred have fatally underestimated Terrence Murphy At the publisher's request this title is sold without DRM Digital Rights Management Praise for Governor The authors pack the story with both the specs of far future fighting machines and the hypercompetent duty driven warriors who crew them Fans of old school military sci fi should check this out Publishers Weekly Praise for The Gordian Protocol Tom Clancy-esque exposition of technical details absurd humor and bloody action Echoes of Robert Heinlein lots of exploding temporal spaceships and bodies action packed Booklist a fun and thrilling standalone from Weber and Holo Time travel enthusiasts will enjoy the moral dilemmas nonstop action and crisp writing Publishers Weekly Praise for David Weber a balanced mix of interstellar intrigue counterespionage and epic fleet action with all the hard and software details and tactical proficiency that Weber delivers like no one else along with a large cast of well developed believable characters giving each clash of fleets emotional weight Booklist moves as inexorably as the Star Kingdom's Grand Fleet commanded by series protagonist Honor Harrington Weber is the Tom Clancy of science fiction His fans will relish this latest installment Publishers Weekly This entry is just as exciting as Weber's initial offering The result is a fast paced and action packed story that follows our characters as they move from reaction to command of the situation Weber builds Shadow of Freedom to an exciting and unexpected climax The Galveston County Daily News Weber combines realistic engaging characters with intelligent technological projection and a deep understanding of military bureaucracy in this long awaited Honor Harrington novel Fans of this venerable space opera will rejoice to see Honor back in action Publishers Weekly This latest Honor Harrington novel brings the saga to another crucial turning point Readers may feel confident that they will be Honored many more times and enjoy it every time Booklist everything you could want in a heroine Excellent plenty of action Science Fiction Age Brilliant Brilliant Brilliant Anne McCaffrey Compelling combat combined with engaging characters for a great space opera adventure Locus Weber combines realistic engaging characters with intelligent technological projection Fans of this venerable space opera will rejoice Publishers Weekly ZeQuest Dhayaa Anbajagane, 2015-09-26 The lies are abundant The truth Rarely so Armorica was an ancient planet filled with luscious fields towering forests and crystal clear streams And now it was going to be destroyed When Armorica's very existence is threatened by an enemy planet Q is left with no choice but to take matters into his own
