The Year's Best

Science Fiction: Seventeenth Annual Collection Gardner Dozois, 2000-08-12 In science fiction's early days stories often looked past 1984 to the year 2000 as the far unknowable future. Here now on the brink of the twenty first century the future remains as distant and as unknowable as ever and science fiction stories continue to explore it with delightful results.

Collected in this anthology are such imaginative gems as The Wedding Album by David Marusek. In a high tech future the line between reality and simulation has grown thin and it's often hard to tell who's on what side. Everywhere by Geoff Ryman. Do the people who live in utopian conditions ever recognize them as such? Hatching the Phoenix by Frederik Pohl. One of science fiction's Grand Masters returns with a star crossing tale of the Heechee, the enigmatic vanished aliens whose discarded technology guides mankind through the future. A Hero of the Empire by Robert Silverberg. Showing that the past is as much a province of the imagination as the future this novelette returns to an alternate history when the Roman Empire never fell to show us just how the course of history can be altered. The twenty seven stories in this collection imaginatively take us to nearby planets and distant futures into the past and into universes no larger than a grain of sand. Included here are the works of masters of the form and of bright new talents. Supplementing the stories are the editor's insightful summation of the year's events and a lengthy list of honorable mentions making this book a valuable resource in addition to serving as the single best place in the universe to find stories that stir the imagination and the heart.

The Year's Best Science Fiction: Eighteenth Annual Collection Gardner Dozois, 2001-08-18 The twenty three stories in this collection imaginatively take us far across the universe into the very core of our being to the realm of the gods and the moment just after now. Included here are the works of masters of the form and of bright new talents including Stephen Baxter, M. Shayne Bell, Rick Cook, Albert E. Cowdrey, Tananarive Due, Greg Egan, Eliot Fintushel, Peter F. Hamilton, Ernest Hogan, John Kessel, Nancy Kress, Ursula K. Le Guin, Paul J. McAuley, Ian McDonald, Susan Palwick, Severna Park, Alastair Reynolds, Lucius Shepard, Brian Stableford, Charles Stross,

Michael Swanwick, Steven Utley, Robert Charles Wilson. Supplementing the stories is the editor's insightful summation of the year's events and a lengthy list of honorable mentions making this book a valuable resource in addition to serving as the single best place in the universe to find stories that stir the imagination and the heart.

World Breakers Tony Daniel, Christopher Ruocchio, 2021-08-03 Formed from cold steel and superpowered computing brains these gigantic tanks with the firepower of an entire army have been the decisive factors in interplanetary battle. But are humans worthy of the extraordinary instruments of war that they have created? Are the Worldbreakers the greatest protector of human liberty or its worst threat? For while these Worldbreakers very definitely have minds of their own the question remains within their iron and

superluminal quantum breasts does there lie a faithful heart Stories of world breakers and world makers in the great tradition of Keith Laumer s Bolos from David Weber Larry Correia Wen Spencer and more At the publisher s request this title is sold without Digital Rights Management DRM About Star Destroyers edited by Tony Daniel Christopher Ruocchio spectacular space battles and alien contacts themes of military ethics the uses of artificial intelligence and the limits of the capacity of the human mind it is the human interactions and decisions that ultimately drive the stories will appeal to fans of military and hard science fiction and any readers fascinated by the possibilities of space travel Booklist stories of giant spaceships at war at peace and in the often gray areas between a worthy addition to a long tradition of ship based fiction and its authors portray captains arcane astrogators and civilian child passengers with equal depth It s recommended for fans of military SF and space adventure Publishers Weekly you d probably expect some tight action filled space opera stories of giant space battles and there s some of that But there are also espionage stories rescue missions political conflicts alternate histories even a few humorous tales each author took the premise in a different direction if I had to identify one common feature to all the stories it would be that they re all fun Like it says big ships blowing things up What s not to like Analog
