

# *Nature*

I am a human,  
I'm tired from cities,  
I am going to nature,  
to find peace.

Long and Shady trees,  
and that cool Breeze,  
made me relax and calm,  
and found tree of palm.

The plain ground,  
with flora and fauna,  
and silence all over the area,  
made me feel peace.

The clouds were as light as air,  
And blew with the wind,  
And the sun set,  
Was the day's end

## **Natural Things Poems:**

**A Nature Poem for Every Night of the Year** Jane McMorland Hunter, 2020-09-08 A calming collection of nature poems to help you relax and unwind at the end of every day. Now more than ever we're all in need of a daily fix of the natural world to comfort and distract us from the cares of everyday life. Keep this beautiful book by your bedside and enjoy a dreamy stroll through nature every evening just before you go to sleep. All the great time honoured poets are here. William Wordsworth, John Keats, Emily Dickinson, Robert Bridges, along with some newer and less well known poetic voices. The poems reflect and celebrate the changing seasons: read Emily Brontë on bluebells in spring and Edward Thomas's evocative Adlestrop in summer, then experience golden autumn with Hartley Coleridge and William Blake's To Winter. Beautifully illustrated with scenes from each season, this wonderful book deserves a place on your bedside table for years to come.

**The Shapes of Natural Things** Blake Townsend Romanov, 2017-07-10 This The Shapes Of Natural Things is a book of poems about nature, love, God, and the intersection of plant, animal, human, and divine things. It is written in rhyme and meter with the exception of the limerick which is not strictly metrical. The poems in this book are mainly dedicated to one woman, but there are others to and about other friends, as well as about issues that interest me in the realm of religion, philosophy, psychology, etc. It is the third book I have written under the name Blake Townsend Romanov, the others being *Pare My Heart and Draw Me A Spirit*. Those books are dedicated to other women, and as with them I have used a pseudonym not only for myself but for the muse. In spite of the singularity of its dedication, this book like the previous two is meant to be enjoyed by all. As a poet I indulged in rich language and bountiful melody, and my goal is not so much to change poetry as to provide people with the very sort of joy for which people in the past as well as today have looked to poetry. I am an entertainer though my thoughts are earnestly given. In my view poetry is a region in which the logical and the aesthetic blend; ideas can be beautiful especially when they are adorned with choice words. That said, I very much want my poems to be understood as well as to impress. I feel that metaphor, however, is a type of lying that leads ultimately to truth. We were pulled away from the literal truth of what is being discussed only to resolve metaphor and the object of description in a metaphysical unity of meaning. That being said, adorning of ideas is not merely in lexicon or comparison; it must be sensory as well. Thus I have attempted to draw on the beauty of natural forms and natural life and hope that those sensations, especially images, stand alone as beautiful even independently of the critical context. Finally, I have tried to make this book thematically related throughout and one of my major themes has been the relation between the will of the spirit and natural things, instinct and the binding of cause effect, the limitation that come with inhabiting form and with our perception which is bound to form. Thus I call it The Shapes Of Natural Things.
