Natural Law The Foundation Of An Orderly Economic System

Judd E. Hollander

Natural Law The Foundation Of An Orderly Economic System:

Natural Law Alberto Martinez Piedra, 2004-01-01 Author Alberto M Piedra lucidly illustrates the notion of natural law through the examination of economic social political and cultural issues In this work Piedra draws on classical and Christian sources as well as his personal experience as an economist diplomat and lecturer on world politics to address philosophical views in a constructive and morally guided exegesis of natural law and economics This innovative book shows the value of appeals to a governing natural law and attendant principles such as the common good subsidiarity hierarchy spiritual welfare the reciprocity of freedom and authority and the cultivation of personal moral and intellectual virtue Natural Law will appeal to scholars professionals and others interested in the cultivation of personal moral and intellectual virtue [Sourcebook in Late-Scholastic Monetary Theory](#) Stephen J. Grabill, 2007-11-28 The Sourcebook in Late Scholastic Monetary Theory is a thematically unified collection of seminal texts in the history of economics on the topic of money and exchange relations cambium _its nature purpose value and relationship to justice and morality in financial transactions_ within the tradition of late scholastic commercial ethics Cambium embraces the development of banking practices and institutions in early modern Europe and therefore is much broader in scope than the simple practice of exchanging currency Here for the first time the unabridged texts of Mart n de Azpilcueta s Commentary on the Resolution of Money 1556 Luis de Molina s A Treatise on Money 1597 and Juan de Mariana s Treatise on the Alteration of Money 1609 are available in English translation with scholarly annotations The publication of these foundational texts under a single cover will stimulate exploration of the continuities and discontinuities agreements and disagreements innovations and ruptures within the Salamancan tradition of commercial ethics during the latter half of the sixteenth and the early seventeenth century A close reading shows that the Salamancans were involved not only in an internal conversation within Spain concerning inflation usury rates of currency exchange currency debasement subjective value just prices and so on but also that they were critical intermediaries in a wider conversation spanning centuries that includes prominent canonists jurists philosophers and theologians The Salamancans also serve as conduits of scholastic economic reflection to Adam Smith and the political economists of the seventeenth and eighteenth centuries The texts in conjunction with the introductions by leading authorities demonstrate the sophistication with which the Spanish doctors examined the new process of using bills of exchange cambium per litteras to replace the cumbersome and dangerous transportation of metallic coins between commercial fairs which led not only to new scholastic insights on interest credit and international trade but also to a much more comprehensive analysis of monetary exchange and banking practices than had been undertaken before [The Commercial Society](#) Samuel Gregg, 2007-01-01 Guided by the thoughts of Alexis de Tocqueville Samuel Gregg s The Commercial Society identifies and explores the key foundational elements that must exist within a society for commercial order to take root and flourish Gregg studies the challenges that have consistently impeded and occasionally undermined commercial order *Spiritual Capital, Natural Law*

and the Secular Market Place W. Duncan Reekie, 2007 **The Journal of Markets & Morality**, 2005 *Christian Theology and Market Economics* Ian Rainy Lance Harper, Samuel Gregg, 2008 This unique work has a historical time span reaching from Aristotle to the modern day thus appealing to those interested in the history of ideas and economic thought as well as the links between theological and economic thought **American Book Publishing Record**, 2005 *The Role of Large Enterprises in Democracy and Society* Barbara Fryzel, Pawel H. Dembinski, 2010-07-30 This book uses both political and democratic studies perspectives as well as economic philosophical and managerial to provide a practical insight into the issues like the extensive economic power of large enterprises and changing balance of power between public and private sector regulation and the governance of large private entities *International Philosophical Quarterly*, 1961
Proceedings and Addresses of the American Philosophical Association American Philosophical Association, 2004
 List of members in v 1 **Choice**, 2005 *Book Review Index*, 2006 Every 3rd issue is a quarterly cumulation **The System of International Law** Farhad Malekian, 1987 *Foundations of Education* Joseph F. Callahan, 1983 **Tar Heel Economist**, 1977 **Co-operative Democracy Attained Through Voluntary Association of the People as Consumers** James Peter Warbasse, 1923 **Co-operative Democracy** James Peter Warbasse, 1923 **Labor Economics and Labor Problems** Dale Yoder, 1933 *The New Encyclopedia of Social Reform* William Dwight Porter Bliss, Rudolph Michael Binder, 1908 **The Encyclopaedia Britannica**, 1894
