**Naturalism and the Human Spirit** Yervant Hovhannes Krikorian, 1944 Essays of fifteen authors who call themselves naturalists *Naturalism and the Human Spirit* Yervant H. Krikorian, Columbia University Press, 1946 Naturalism and the Human Spirit J. Dewey, Sterling Power Lamprecht, S. Hook, 1959 **Naturalism and the Human Spirit. [By various authors.] Edited by Y. H. Krikorian. (Second Printing.).** Yervant Hovhannes KRIKORIAN, 1945 *Naturalism and the Human Spirit, Edited by Yervant H. Krikorian* Yervant Hovhannes Krikorian, 1944 Ecology of the Human Spirit William D. Hammond, 1996 **William L. Rowe on Philosophy of Religion** William L. Rowe, Nick Trakakis, 2017-05-15 William Rowe is one of the leading thinkers in contemporary philosophy of religion Although he is best known for his contributions to the problem of evil he has produced innovative and influential work across a wide array of subjects at the interface between philosophy and religion He has for example written extensively on the existentialist theologian Paul Tillich on the challenging problem of divine freedom and on the traditional arguments in support of the existence of God His work in these areas is distinguished by its clarity rigour originality and sensitivity towards the claims of his theistic opponents Indeed Rowe's work has played a pivotal role in the remarkable revival of analytic philosophy of religion since the 1970s The present collection brings together for the first time Rowe's most significant contributions to the philosophy of religion This diverse but representative selection of Rowe's writings will provide students professional scholars as well as general readers with stimulating and accessible discussions on such topics as the philosophical theology of Paul Tillich the problem of evil divine freedom arguments for the existence of God religious experience life after death and religious pluralism *Naturalism's Philosophy of the Sacred* Martin O. Yalcin, 2013-11-05 *Naturalism's Philosophy of the Sacred* Justus Buchler Karl Jaspers and George Santayana offers an interpretation of the sacred based on the ordinal naturalism of Justus Buchler one of the most important philosophers of the twentieth century whose work is experiencing a renaissance This book seeks to find common ground between theists and atheists by arguing that religious beliefs should be retained because they provide a poetic response to nature's mysteries while also addressing the atheist's concerns regarding the tendency of religious believers to demonize nonbelievers and to idolize their own conceptions of the sacred The heart of Martin O Yalcin's argument is that religious violence can be traced to the belief that God is far more real and therefore far more valuable than nature In contrast to this view he develops a philosophy of the sacred from the perspective of ontological parity which holds that all things are equally real He argues that when the sacred is leveled to the plane of nature as one of its innumerable orders then the virtues of piety and charity replace the vices of demonization and idolization so evident in religions that insist on the utter incommensurability of God with respect to the created order In the course of developing an aesthetic interpretation of the sacred Yalcin explores not only the metaphysical categories of Justus Buchler but also those of Karl Jaspers and George Santayana The dialogue with Jaspers unearths the absolute otherness of the sacred as the intrinsically unethical dimension of

any variant of theism Having undermined the total absolutism of the sacred Naturalism's Philosophy of the Sacred suggests an alternative aesthetic form of sacred engagement that piggybacks on Santayana's thoroughly natural poetic rendition of the sacred This book will be of great value to students and scholars working in departments of religion philosophy and theology Position and Responsibility Ilseup Ahn, 2009-06-08 What is the moral criterion for those who hold power positions and authority in governments corporations and institutions Ahn answers this question by presenting the concept of the positional imperative The positional imperative is an executive moral norm for those who hold power positions in political and economic organizations By critically integrating the Neo Kantian reconstructionism of Jürgen Habermas with the Neo Augustinian reconstructionism of Reinhold Niebuhr through the method of co reconstruction Ahn identifies the positional imperative as an executive moral norm embedded in all power positions Act in such a way not only to abide by laws but also to come by the approvals of those affected by your positional actions By uncovering this executive moral norm Ahn argues that a position holder is not just a professional working for the system but a moral executive who is willing to take the responsibility of his or her positional actions **EARLY INDIAN PHILOSOPHICAL NATURALISM.** DALE MAURICE
