Environment Irwin Altman, Joachim F. Wohlwill, 2012-12-06 The theme of the present volume concerns people's response to the natural environment considered at scales varying from that of a household plant to that of vast wilderness areas. Our decision to focus on this particular segment of the physical environment was prompted in part by the intrinsic interest in this subject on the part of a diverse group of social scientists and professionals and of laypersons for that matter and in part by the relative neglect of this topic in standard treatments of the environment-behavior field. It also serves to bring out once again the interdisciplinary nature of that field and we are pleased to have been able to include representatives from geography, sociology, social ecology and natural recreation among our contributors. We believe that this volume will serve a useful purpose in helping to integrate the findings and concepts in this presently somewhat fragmented field scattered as they are over a very diverse array of publications representing a similarly varied group of specialties. It is hoped that the result will be to stimulate future development of this area and to add a measure of increased coherence to it. Volume 7 of our series will be devoted to the theme of elderly people and the environment with M. Powell Lawton joining us as guest co-editor. The titles of the papers comprising Volume 7 are shown on page v. Irwin Altman, Joachim F. Wohlwill ix Contents Introduction

Behind the Scenes with the

Kaiser (1888-1892) Henry William Fischer, 1922 Wilhelm II or William II German Friedrich Wilhelm Viktor Albrecht English Frederick William Victor Albert 27 January 1859 4 June 1941 was the last German Emperor, Kaiser and King of Prussia ruling the German Empire and the Kingdom of Prussia from 15 June 1888 to 9 November 1918. He was a grandson of the British Queen Victoria and related to many monarchs and princes of Europe. Crowned in 1888, he dismissed the Chancellor Otto von Bismarck in 1890 and launched Germany on a bellicose New Course in foreign affairs that culminated in his support for Austria-Hungary in the crisis of July 1914 that led to World War I. Bombastic and impetuous, he sometimes made tactless pronouncements on sensitive topics without consulting his ministers, culminating in a disastrous Daily Telegraph interview that cost him most of his power in 1908. His generals dictated policy during World War I with little regard for the civilian government. An ineffective war leader, he lost the support of the army, abdicated in November 1918 and fled to exile in the Netherlands. Wikipedia *Poems by John Nicholson [ed. by A.
