They however are eager to be perceived and acknowledged by us because their future and ours are fundamentally connected Elementals act as carriers of the emotional level of the world and Thomas Mayer reveals how he learned to develop and fine tune his sense of perception to make direct personal contact with them Providing insight into the elemental hierarchy from the low workers to the masters and the elemental kings he portrays Christ elemental beings social elementals and machine elementals as well He also explores the adversarial forces like Lucifer and Ahriman that access the elemental world through the subconscious of humans and seek to destroy our elemental friends Through sharing his encounters with fairies dwarves giants and others the author reveals their urgent call for help an entreaty to anchor the elemental beings again in the awareness of humankind through recognition acknowledgment and conscious connection Let us support the elementals in their crucial life giving work through which they in turn support us in preserving the Earth we live on
