**The ^ANazi Connection** Stefan Kuhl, 2002-02-14 When Hitler published Mein Kampf in 1924 he held up a foreign law as a model for his program of racial purification The U S Immigration Restriction Act of 1924 which prohibited the immigration of those with hereditary illnesses and entire ethnic groups When the Nazis took power in 1933 they installed a program of eugenics the attempted improvement of the population through forced sterilization and marriage controls that consciously drew on the U S example By then many American states had long had compulsory sterilization laws for defectives upheld by the Supreme Court in 1927 Small wonder that the Nazi laws led one eugenics activist in Virginia to complain The Germans are beating us at our own game In The Nazi Connection Stefan Kuhl uncovers the ties between the American eugenics movement and the Nazi program of racial hygiene showing that many American scientists actively supported Hitler's policies After introducing us to the recently resurgent problem of scientific racism Kuhl carefully recounts the history of the eugenics movement both in the United States and internationally demonstrating how widely the idea of sterilization as a genetic control had become accepted by the early twentieth century From the first the American eugenicists led the way with radical ideas Their influence led to sterilization laws in dozens of states laws which were studied and praised by the German racial hygienists With the rise of Hitler the Germans enacted compulsory sterilization laws partly based on the U S experience and American eugenicists took pride in their influence on Nazi policies Kuhl recreates astonishing scenes of American eugenicists travelling to Germany to study the new laws publishing scholarly articles lionizing the Nazi eugenics program and proudly comparing personal notes from Hitler thanking them for their books Even after the outbreak of war he writes the American eugenicists frowned upon Hitler's totalitarian government but not his sterilization laws So deep was the failure to recognize the connection between eugenics and Hitler's genocidal policies that a prominent liberal Jewish eugenicist who had been forced to flee Germany found it fit to grumble that the Nazis took over our entire plan of eugenic measures By 1945 when the murderous nature of the Nazi government was made perfectly clear the American eugenicists sought to downplay the close connections between themselves and the German program Some of them in fact had sought to distance themselves from Hitler even before the war But Stefan Kuhl's deeply documented book provides a devastating indictment of the influence and aid provided by American scientists for the most comprehensive attempt to enforce racial purity in world history

Roberts, 2006 By assessing totalitarianism in a more deeply historical way this study suggests how we might learn further lessons from this troubling phase of modern political development Jacket **Roswell and the Reich** Joseph P. Farrell, 2020-03-10 Already well known for his bestselling series of exposés on secret Nazi technology and the survival of the Third Reich after the end of World War II Oxford educated historian and physicist Joseph P Farrell here delves ever deeper into the activities of this nefarious group In his previous works Farrell has clearly demonstrated that the Nazis were clandestinely developing new and amazing technologies toward the end of WWII and that the key scientists involved in these experiments were exported to the Allied countries at the end of the conflict mainly the United States in a move called Operation Paperclip NASA director and developer of the Saturn V rocket that sent Americans to the moon Werner von Braun was one of these scientists Farrell has traced the links between ongoing Reich activities and the newly formed CIA and other defense military industrial establishments Now Farrell has meticulously reviewed the best known Roswell research from UFO ET advocates and skeptics alike as well as some little known source material and comes to a radically different scenario of what happened in Roswell New Mexico in July 1947 and why the US military has continued to cover it up to this day Farrell presents a fascinating case sure to disturb both ET believers and disbelievers namely that what crashed may have been representative of an independent postwar Nazi power an extraterritorial Reich monitoring its old enemy America and the continuing development of the very technologies confiscated from Germany at the end of the War Nazi History and the Holocaust, 1999 *The Propaganda Warriors* Clayton David Laurie, 1996 A fascinating story Essential to an understanding of America's use of propaganda Warren F Kimball author of *The Juggler* Franklin Roosevelt as Wartime Statesman Lively and revealing There is much that is new and important in this
