## Near Eastern Fells:

The Near Eastern Fells Mark Richards, 2011-01-04 Lakeland Fellranger guidebook by Mark Richards covering 35 summits in the Near Eastern Fells of the Lake District. Includes a variety of the best walking routes old and new in the mighty range of hills that sit between Ambleside Ullswater and Grasmere

**Near Eastern Fells** Mark Richards, 2003 With the Collins Lakeland Fellrangers series Mark Richards guides you through every nook and cranny of the beautiful and picturesque Lake District. This volume covers the Near Eastern Fells ranging from Kirkstone Pass to Dunmail Raise. The first of Wainwright's celebrated guides to the Lakeland Fells appeared in 1955 the last of the seven volume set was published in 1965. These titles have remained in print unaltered since then despite radical changes to the countryside and a phenomenal increase in the numbers of people visiting the area. Collins Lakeland Fellranger series combines the best of the Wainwright guides the traditional feel of the pen and ink sketches and the personal touch of hand drawn maps with the desires of the 21st century walker accurate maps and directions and inspirational colour photographs all packed into an easy to use portable format. The books will be written and illustrated by one person adding to the personality of the books. Mark Richards was one of Wainwright's protégés and has produced a number of very successful walking books. Each of the four volumes in the series covers every Fell in their range each illustrated with colour photographs a detailed cartographic map taken from the HARVEY Maps Superwalker series and numerous landscape maps

**Walking the Lake District Fells - Coniston**  
Mark Richards, 2021-02-15 This guide describes ascents of 24 Lake District fells that can be climbed from Coniston and the Duddon and Eskdale valleys including Coniston Old Man, Swirl How, Wetherlam and Dow Crag. The Coniston Fells much loved for their classic ridges and wide reaching views need little introduction however to the west the less frequented summits of the Birker and Corney Fell massifs offer more great mountain and maritime vistas as well as solitude. Unlike other guidebooks which describe a single or limited number of routes to a particular destination the aim of the Walking the Lake District Fells series is to offer all the options. These are presented as numbered sections which can be combined to create infinite possibilities from simple ascents to longer ridge routes. You'll find the classics and popular routes alongside less traditional alternatives perfect for the wandering spirit. The series gives you both the freedom to devise your own routes and the information to make informed decisions thanks to the clear descriptions of the routes terrain hazards interesting features and safe descent paths should the weather close in. Also included are a handful of classic ridge routes for longer fell days. Mark Richards' inimitable text is complemented by HARVEY mapping and the author's own beautiful sketch topos and panoramas. Perfect for keen hillwalkers and peak baggers alike and ideal both for pre planning and use on the hill. Walking the Lake District Fells is the new incarnation of the Fellranger series which sees the volumes updated and trimmed to a more practical size. These true connoisseurs guides are sure to inspire you to get out and explore the beautiful fells of Lakeland. For those collecting fell summits a Fellrangers hill list register can be found on the Long Distance Walkers Association website.
