Nature's Diary Francis Henry Allen,1877      *Nature Diary* Marjolein Bastin,1991-06-01 A look at nature throughout the year this book contains realistic nature scenes vignettes and still lifes which are accompanied by observations and insights into the natural world      **Janet Marsh's Nature Diary** ,1979-01-01      *Writing a Nature Diary* Althea Jones,Benchmark Education Company, LLC,2013      The Stubborn Light of Things Melissa Harrison,2020-11-05

**Nature's Diary** Francis Henry Allen,1897 Consists of short passages from various authors most of them from Thoreau arranged by days of the year and printed on the versos of the pages the rectos bearing only dates repeated from the opposite pages of text and some notes the individual owner of the book was to use the rectos for personal annotations and comments      **Keeping a Nature Journal, 3rd Edition** Clare Walker Leslie,2021-05-25 Originally published in 2000 with endorsements from E O Wilson and Jane Goodall Clare Walker Leslie's Keeping a Nature Journal was at the forefront of the nature observation and journaling movement Leslie's approach has long been acclaimed for its accessible style of teaching people to see witness and appreciate the wonders of nature and her classic guide is still used by individuals groups and educators ranging from elementary school teachers to college level instructors The third edition features more of Leslie's step by step drawing techniques a new selection of pages from her own journals which she's kept for 40 years and an expanded range of prompts for observing particular aspects of the natural world in any location With an emphasis on learning to see and observe Leslie shows how drawing nature doesn't require special skills artistic ability or even nature knowledge and it is a tool everyone can use to record observations and experience the benefits of a stronger connection to the natural world

**The New Times Nature Diary** Derwent May,1997-08 The New Times Nature Diary which is based on the Nature Notes consists of a year's observation of nature in Britain the birds and animals the trees and wild flowers recorded with all their subtle changes as the weeks succeed each other and the seasons unfold      **Nature Journaling** Clare Walker Leslie,Charles Edmund Roth,1998 No one could describe NATURE JOURNAL as a blank book Clare Walker Leslie has transformed what could have been an ordinary diary into something truly unique The text and illustrations offer just the right amount of inspiration and guidance to help the journal keeper begin and succeed at making this book his or her own First Clare explains to the budding journal keeper how to get started and suggests some possible formats to follow She even includes a few sample pages from her own journal as inspiration Then come the journal pages themselves The left hand page has ghosted back lines for those who prefer a sense of structure The right hand pages are left blank for sketching or writing Short inspirational quotes and exercises to help guide the journaling process are scattered among the pages At the back of the journal is Clare's mini field guide packed with essential information on how to recognize and draw basic families of birds insects and trees thus sparing the journal keeper the trouble of lugging multiple field guides into the wild An elastic band keeps paper from flapping while you're writing holds specimens and acts as a bookmark Drop it in the mud Get trail mix stuck between the pages This journal
