**The Nature of a God-sent Revival** Duncan Campbell,1980      **Nature of a God-Sent Revival** Duncan Campbell,1993-01-01      Fresh Encounter Henry T. Blackaby,Claude V. King,Richard Blackaby,2009 Revised with nearly half of its material newly written Fresh Encounter is a discussion of how God brings spiritual revival to individuals and the church

**Called to Be God's Leader** Henry Blackaby,2006-02-12 Best selling author and trusted Bible teacher Henry Blackaby along with his son Richard President of Canadian Baptist Seminary demonstrates through the life of Joshua how God prepares those He chooses for spiritual leadership In Created to Be God s Friend Henry Blackaby explored the life of Abraham and in Chosen to Be God s Prophet he examined God s work through Samuel In Called to Be God s Leader now in trade paper readers will see how God applies leadership principles in the life of the great biblical leader Joshua What did God have in mind when He saw Joshua as a young slave in Egypt How did He mold and shape Joshua to prepare him for service Through Joshua and numerous examples from their own lives the authors create a picture of God s ways offering deep insight that readers can apply to their own lives Purpose Obedience Faith Character and Influence are among the themes that are included in this book key truths are emphasized at the end of each chapter      *God Sent Revival* John F. Thornbury,1977 Following the Great Awakening under the leadership of such men as Jonathan Edwards and George Whitefield the close of the eighteenth century in America saw a second period of revival which was to last longer than the first and was brought about through the labours of many preachers less well known than their predecessors but following faithfully in their footsteps The outpouring of the Spirit of God upon virtually all evangelical denominations could be called waves of glory which rolled across hundreds of churches and communities Whole communities were transformed by the gospel virtually overnight One of the evangelists to emerge from this second period of revival was Asahel Nettleton There can be little doubt that he was one of the greatest evangelists in the history of the church Literally thousands were converted under his ministry and spurious converts were the exception rather than the rule This well written and well documented book tells the story of Nettleton s life He made mistakes and the author does not cover these up but he was a powerful preacher who sought to glorify God and God blessed his ministry John Thornbury is pastor of Winfield Baptist Church Pennsylvania where he has ministered for the past twenty three years In recent years he has attained a doctorate at Drew University Madison New Jersey and his articles have been published in Eternity and other periodicals He is married with three children      **Philostratus (Routledge Revivals)** Graham Anderson,2014-06-17 This study of Philostratus first published in 1986 presents the Greek biographer s treatment of both sophists and holy men in the social and intellectual life of the early Roman Empire which also displays his own distinctive literary personality as a superficial dilettante and an engrossing snob Through him we gain a glimpse of the rhetorical schools and their rivalries as well as a bizarre portrayal of the celebrated first century holy man Apollonius of Tyana long loathed by his later Christian press as a Pagan Christ Rarely does a biographer s reputation revolve

round the charge that he forged his principal source Graham Anderson's account produces new evidence which supports Philostratus' credibility but it also extends the charges of ignorance and bias in his handling of fellow sophists Philostratus is intended for any reader interested in the social cultural and literary history of the Roman Empire as well as the professional classicist

**The Lewis Awakening** Duncan Campbell, 2017-09-29 The island of Lewis has been the scene of a very gracious movement of the Spirit. The breath of revival has been felt and communities have been conscious of the mighty impact of God. This island had in days past experienced seasons of refreshing from the presence of the Lord but of late years the stream of vital Christianity appeared to be running low. In our day of spiritual superficiality and anemic Christianity characterized by sin-infested pulpits and indifferent pews the subject of revival is nonetheless a popular one. Few who talk of it however have the faintest idea what a real moving of God is all about. Impressive financial holdings, ornate edifices of worship, statistical proofs of success and mind-boggling technological sophistications merely mask the spiritual bankruptcy within the Church as a whole today. We are indeed poor in spirit. The real problem is we seem completely incapable of even beginning to recognize just how spiritually poor we have become. We lean to our own understanding, make peace with our pet sins, deem ourselves to be rich and increased with goods and in need of nothing all the while piddling piously with ideas of revival. But revival can never be piddled with. It is very very costly. Duncan Campbell in this heart-stirring message of personal and corporate revival strikes the taproot of the genuine working of God among His people. Such revival is rare, priceless and exceedingly costly. Campbell captures the spirit of God's desire to work and carefully delineates both God's sovereign moving and man's responsibility to respond to the promptings of the Spirit of God. This world has witnessed God's sovereign dealings through the humblest of men often at the darkest hours in history. We remember the rebirth of Martin Luther and the Reformation that followed. The Puritans obeyed God's Word with abandon in the midst of a wicked generation. The Spirit moved mightily upon the congregation of the dry preacher Jonathan Edwards and affected an entire generation. The eighteenth century saw the powerfully convicting work of God's Spirit in New England, the nineteenth had its great New York prayer revival and the early twentieth century heralded a phenomenal spiritual awakening in Wales. The cry of our day is: Where is the Lord, God of Elijah? The question might better be asked: Where are the Elijahs of the Lord, God? While there is much prayer today there is little of the humility behind it that characterized the life of Duncan Campbell. Here is a message by this great servant of our century. It is hot with the breath of God. It needs to be read and reread upon our knees until it burns its way into the hearts of the people of God and out through our lives. The truth is here to kindle the flame. Are we ignitable? May God once again drench us with the oil of the Spirit and set us ablaze.

**New Testament Way to Revival** Jay Strack, 1989

**The New Measures** Ted A. Smith, 2007-04-30 The New Measures: A Theological History of Democratic Practice brings thick cultural history to contemporary debates about religion and democracy. Combining histories of performance, space, institutions and ideas, this 2007 book tells the story of the new measures that circulated in the religious revivals of the 1820s.

and 30s and traces the role of these practices in the development of democratic culture in the United States The book borrows resources from Walter Benjamin and Theodor Adorno to remember the new measures from an eschatological point of view That eschatological perspective holds together close empirical studies and explicitly theological hopes The book s attention to detail moves it beyond abstraction and caricature to a more materialist political theology And its eschatological hope resists narratives of progress and decline to understand American democracy as both tangled in contradiction and caught up in redemption

*Lord Help Me Not to Have These Evil Thoughts!* Harold D. Vaughan,1988-12 *Describing the Hand of God* Robert Brennan,2016-04-28 The question of divine agency in the world remains one important unresolved underlying obstacle in the dialogue between theology and science Modern notions of divine agency are shown to have developed out of the interaction of three factors in early modernity Two are well known late medieval perfect being theology and the early modern application of the notion of the two books of God s revelation to the understanding of the natural order It is argued the third is the early modern appropriation of the Augustinian doctrine of inspiration This assumes the soul s existence and a particular description of divine agency in humans which became more generally applied to divine agency in nature Whereas Newton explicitly draws the parallel between divine agency in humans and that in nature Darwin rejects its supposed perfection and Huxley raises serious questions regarding the traditional understanding of the soul This book offers an alternative incarnational description of divine agency freeing consideration of divine agency from being dependent on resolving the complex issues of perfect being theology and the existence of the soul In conversation with Barth s pneumatology this proposal is shown to remain theologically coherent and plausible while resolving or avoiding a range of known difficulties in the science theology dialogue

**Nonsense upon Stilts (Routledge Revivals)** Jeremy Waldron,2014-10-03 In *Nonsense upon Stilts* first published in 1987 Waldron includes and discusses extracts from three classic critiques of the idea of natural rights embodied in the 1789 Declaration of the Rights of Man and the Citizen Each text is prefaced by an historical introduction and an analysis of its main themes The collection as a whole is introduced with an essay tracing the philosophical background to the three critiques as well as the eighteenth century idea of natural rights which they attacked But the point of reproducing these works is not merely historical Modern attacks on rights based political philosophy mirror the concerns of Bentham Burke and Marx Jeremy Waldron has therefore added an extensive concluding essay which relates these classic texts to the modern discussion of rights and re examines the idea of rights in the light of contemporary critiques This text provides an invaluable teaching tool for courses in politics and philosophy
