## **Nazi Chic:**

*Nazi 'Chic'?* Irene Guenther, 2004-05-06 This is the first book in English to deal comprehensively with German fashion from World War I through to the end of the Third Reich It explores the failed attempt by the Nazi state to construct a female image that would mirror official gender policies inculcate feelings of national pride promote a German victory on the fashion runways of Europe and support a Nazi controlled European fashion industry Not only was fashion one of the countrys largest industries throughout the interwar period but German women ranked among the most elegantly dressed in all of Europe While exploding the cultural stereotype of the German woman as either a Brunhilde in uniform or a chubby farmers wife the author reveals the often heated debates surrounding the issue of female image and clothing as well as the ambiguous and contradictory relationship between official Nazi propaganda and the reality of womens daily lives during this crucial period in German history Because Hitler never took a firm public stance on fashion an investigation of fashion policy reveals ambivalent posturing competing factions and conflicting laws in what was clearly not a monolithic National Socialist state Drawing on previously neglected primary sources Guenther unearths new material to detail the inner workings of a government supported fashion institute and an organization established to help aryanize the German fashion world How did the few with power maintain style and elegance How did the majority experience the increased standardization of clothing characteristic of the Nazi years How did women deal with the severe clothing restrictions brought about by Nazi policies and the exigencies of war These questions and many others including the role of anti-Semitism aryanization and the hypocrisy of Nazi policies are all thoroughly examined in this pathbreaking book **Contested Femininities** Jennifer Lynn, 2024-03-01

In this comprehensive long view study on the concept of the Neue or Moderne Frau New or Modern Woman that spans the Weimar Republic Third Reich post war period and a divided Germany *Contested Femininities* explores how different political and social groups constructed images of women to present competing visions of the future It takes the highly contested representations of women presented in the illustrated press and examines how they emerged as crucial markers of modernity In doing so it reveals the surprising continuity of these images across political periods and reflects on how debates over paid work the gender division of labor in the household the politics of the body and consumption played a central role in how different German regimes defined the Modern Woman **Transnational Nazism** Ricky W. Law, 2019-05-23 The first

English language study of German Japanese interwar relations to employ sources in both languages **Sadomasochism, Popular Culture and Revolt** Tom Pollard, 2019-07-03 *Sadomasochism Popular Culture and Revolt* A Pornography of Violence explores powerful connections between violent pornography and current gender wars generational conflicts political struggles and racial and ethnic unrest Long before these conflicts dominated headlines worldwide they become embedded and contextualized in popular culture Tracing the history of today s popular porn genres including torture porn revenge porn war porn and fascist porn Tom Pollard reveals a sadomasochistic trope of fictional and real sexual violence and sexual justice

that had largely remained hidden and suppressed Today it has exploded into public awareness by mass movements like MeToo demanding justice for sexual assault victims This movement joins other recent social movements including Black Lives Matter and advocates of safety from gun violence which along with MeToo constitute a revolt of submissives no longer willing to endure unwanted violence This thoughtful examination of the history and content of violent pornography reveals portentous patterns and developing trends By examining pornography s violent content Pollard forces us to confront wider social and cultural violence Sadomasochism Popular Culture and Revolt will be of great interest to scholars of gay and lesbian studies and queer studies while being a vital text for undergraduate and graduate instructors of social movement studies in sociology political science American Studies and history
